Library Juice Concentrate is a compilation of the best of Library Juice, an e-zine published by Rory Litwin between 1998 and 2005 that dealt with foundational questions of librarianship during a period of rapid change. Library Juice served as the record for the "library left" during this period, including its veterans and newcomers, while at the same time offering original reflections on traditional questions. The book includes essays and other artifacts that investigate professional neutrality, intellectual freedom, alternative literature, the social effects of technological change, the cultural identity of the librarian, "anarchist librarianship," the Cuba debate, Google's scanning project, subject heading reform, and other issues. The aim of the essays in Library Juice Concentrate is to provoke original thought and to encourage newcomers in the field to participate in professional discourse with confidence and with attention to the intellectual and political struggles of the past.

He is only 3 feet tall, is black all over, and has a big, handsome head. For years, Mendelson has been ridden by Sam, who is now old enough to go away to boarding school. But before he leaves, Sam asks his grandfather to buy Mendelson a piano. Not for Mendelson, because everyone knows horses can't play the piano, but for Mendelson's friends Gertrude and Bertha—2 talented field mice who were taught to play by a musician who lives in the park.

Delighted when the piano is placed under a large oak tree, the mice promise Mendelson a concert at 6 p.m. every night. With 7 enchanting tales, Mice & Mendelson takes readers into the rich world of these farmyard friends. In 1 story, the old pony gets a bad case of the hiccups. In another, he learns to tell time with the help of Gertrude and Bertha, who wind his watch every day. In further adventures, Mendelson saves the moon from drowning in the pond and the village Christmas trees from being stolen. But

Writers have been writing about war since the siege of Troy, but few, if any, have captured the first-person experience of war as deeply as *My Vietnam War*. Set in 1967 (the deadliest year of the Vietnam War), this memoir-style novel depicts the psychological journey of a young man whose carefree days of studying philosophy at the university are ended by the draft. The story follows him from his initial rear-echelon assignment in Saigon, where he falls for a mysterious storytelling bar girl, to his eventual posting at an isolated front-line firebase in one of the deepest parts of the Vietnam jungle. While recovering from a leg wound (he is hit by a piece of bone from a fellow soldier who stepped on a booby trap mine), he becomes the assistant medic and sees the horrors of war close up. The experience begins his steady spiral down into PTSD. After he is seriously wounded, he ends up back in Saigon where, after an old friend from Arizona gets him involved in the underground drug trade, the mysterious bar girl may be his only hope for salvation. It is a powerful story, well-written, with vivid detail that you will never forget.

While South Asia's economic reform initiatives of the last two decades were often born in crisis, this alone does not account for their occurrence. This book looks at the processes and

institutional arrangements behind these reforms, and analyses what lessons can be learnt about how South Asia can improve its policy efficiency. The book develops ideas about how to overcome the political restraints to reform by drawing on recent theories of political economy and policy learning. It tests these ideas against authoritative case studies of actual reform initiatives in South Asia, which illustrate processes and institutional arrangements that have helped South Asian governments to sustain reform efforts, even in the absence of a strong political base. This offers valuable lessons for the global economy as it moves into a phase of rebalancing, with the structural adjustments that this will require. The book goes on to identify weaknesses that could be addressed by South Asian national governments and regional forums. It is an important contribution to studies on South Asian Politics and International Political Economy

The Thai camp holds many thousands of Hmong families who fled in the aftermath of the little-known Secret War in Laos that was waged during America's Vietnam War. For Kalia and her cousins, life isn't always easy, but they still find ways to play, racing with chickens and riding a beloved pet dog. Just four years old, Kalia is still figuring out her place in the world. When she asks what is beyond the fence, at first her father has no answers for her. But on the following day, he leads her to the tallest tree in the camp and, secure in her father's arms, Kalia sees the spread of a world beyond. Kao Kalia Yang's sensitive prose and Rachel Wada's

“Fascinating profiles” of remarkable nuns, from an eighty-three-year-old Ironman champion to a crusader against human trafficking (Daily News [New York]). “In an age of villainy, war and inequality, it makes sense that we need superheroes,” writes Nicholas Kristof of The New York Times. “And after trying Superman, Batman and Spider-Man, we may have found the best superheroes yet: Nuns.” In *If Nuns Ruled the World*, veteran reporter Jo Piazza overthrows the popular perception of nuns as killjoy schoolmarms, instead revealing them as the most vigorous catalysts of change in an otherwise repressive society. Meet Sister Simone Campbell, who traversed the United States challenging a Congressional budget that threatened to severely undermine the well-being of poor Americans; Sister Megan Rice, who is willing to spend the rest of her life in prison if it helps eliminate nuclear weapons; and the inimitable Sister Jeannine Gramick, who is fighting for acceptance of gays and lesbians in the Catholic Church. During a time when American nuns are often under attack from the very institution to which they devote their lives—and the values of the institution itself are hotly debated—these sisters offer thought-provoking and inspiring stories. As the Daily Beast put it, “Anybody looking to argue there is a place for Catholicism in the modern world should just stand on a street corner handing out Piazza’s book.”
