At a casual glance, most people would think Jason Perry has it all. He travels the world to the adoration of fans everywhere as one fifth of the Christian pop sensation PlusOne. But what is most important to Jason is encouraging his fans and audience to live their lives totally sold-out to Jesus Christ. In *You Are Not Your Own*, Jason encourages teens to take matters of faith with the utmost seriousness. From the foolishness of his youth to a realization of and rededication to Christ in a church parking lot on a Halloween night, Jason tells his story and his need for forgiveness, discipleship, and accountability. Jason shoots straight for the heart in encouraging teens to realize that faith is not a game and the decision to follow Jesus, to give Him all, is the most important decision they can make.

In 'Unlocking the Scriptures', Cyril Barber walks us through a specific text (Abraham and Sarah) of the Bible, showing us how to discover its riches, writes Warren Wiersbe, well-known author and conference speaker. He goes on to say, You're not just holding a book in your hand, you're holding a key that can open the doors of Scripture and make exciting discoveries. Dr. Barber has earned these glowing words with a lifetime of intense Bible study and ministry. His academic endeavors under Dr. Howard G. Hendricks of the Dallas Theological Seminary prepared him early on to study and to teach others how to study for the most benefit. He knows well the patience and diligence required to get the most out of studying the Bible, as well as the rewards for those who persist. He says, Bible study requires diligence, an easy-to-learn technique and perseverance. In the end, however, one's efforts are handsomely rewarded. In the intervening years, Dr. Barber garnered degrees from American, British and Canadian institutions as well as earning his doctorate from Biola University. He has served on the faculties of Trinity Evangelical School, Rosemead School of Psychology and Simon Greenleaf University; At present he serves as Associate Pastor of Plymouth Church in Whittier, CA, responsible for pastoral care and visitation, counseling and teaching. He is the author of over 30 books and numerous journal articles. Charles C. Ryrie says, The Bible is the greatest of all books; to study it is the noblest of all pursuits; to understand it, the highest of all goals. Whatever time you spend with *Unlocking the Scriptures* will be time you will treasure -- time well spent. This paperback Bible is now packaged in a nylon carrying case with embroidered logo, decorative zipper pull, and a logo tag. The case includes a bungee cord and inside storage pockets.

*Defense of the Bible* begins with rational proofs for the historicity and accuracy of its documents. Christ and the Bible places the argument for the authority of scripture squarely on Jesus. With uncluttered logic and straightforward prose Wenham marshals Gospel evidence to show Jesus' own view of Scripture-that it is (1) historically accurate, (2) authoritative, (3) the standard for ethics, and (4) the verbally inspired revelation of God. He then considers why we should listen to Jesus when he makes such claims and why "Christ's view should be the Christian view." The study substantiates Jesus' reliability influence on all New Testament writers. Finally, Wenham considers two related problems: first, which writings really belong in the Bible; second, the reliability of the text as now available. The presentation is easy to read and understand. This third edition updates and dialogs with recent developments.

Strategic Economic Decision-Making: Using Bayesian Belief Networks to Solve Complex Problems is a quick primer on the topic that introduces readers to the basic complexities and nuances associated with learning Bayes' theory and inverse probability for the first time. This brief is meant for non-statisticians who are unfamiliar with Bayes' theorem, walking them through the theoretical phases of set and sample set selection, the axioms of probability, probability theory as it pertains to Bayes' theorem, and posterior probabilities. All of these concepts are explained as they appear in the methodology of fitting a Bayes' model, and upon completion of the text readers will be able to mathematically determine posterior probabilities of multiple independent nodes across any system available for study. Very little has been published in the area of discrete Bayes' theory, and this brief will appeal to non-statisticians conducting research in the fields of engineering, computing, life sciences, and social sciences.

US Senate Chaplain Barry C. Black, PhD. Senate Chaplains Office, S-332, The Capitol, Washington, DC, 20510. He wrote: I look forward to devouring your final chapters, for I have been greatly blessed by what you had previously written. . . I believe this will be a significant contribution to the homiletical literature, combining scholarship and practicality as it is rarely seen, helping to fill a void. Dr. Derek J. Morris. Director, Hope Channel, and former editor of Ministry Magazine, published by the Seventh-day Adventist Church and read by clergy of all faiths. He responded, This is the best work I have read by an Adventist author on preaching. Its EXCELLENT! Pastor Adrian Craig. Australian church leader and internationally acclaimed preacher. He said, Here are a few preliminary comments about your excellent book on preaching. In 321 pages, you have packed full a comprehensive and detailed volume on the art of preaching. One has to read and pause and absorb.

Your terse verse, one-liners, and the illustrations are readily saleable. Mummies dancing, the description of the horse as it relates to the pace of preaching, the Ravi illustration on page 99, and your repeated use of scripture to illustrate points shouts volumes of your commitment to the Word.

Gauvreau explores the persistence and development of the evangelical creed as the intellectual expression of Protestant religion which largely defined English-Canadian culture in the Victorian period. This popular theology, which linked Methodist and Presbyterian church colleges to the world of popular preaching, was based on the Bible not only as the foundation of personal piety but as a sacred record of human history: past, present, and future. Gauvreau shows that the evangelical creed proved flexible when faced with the challenges of Darwinian evolution, higher criticism, and other new intellectual currents, and that it remained central to the intellectual life of the churches. By accommodating those aspects of modern thought most compatible with evangelicalism and filtering out those more threatening, clergymen-professors such as Samuel Nelles, Nathanael Burwash, George Monro Grant, and William Caven were able to find creative ways to move their churches toward social reform in the late nineteenth century. The evangelical synthesis lost its cultural supremacy only in the twentieth century, when the complexity of theological discussion in the church colleges broke down the close links between professor and preacher. No other woman's Bible has a more dazzling array of features than The Woman's Study Bible. It's far more than a devotional Bible. Inspirational testimonies, biblical examples, and practical suggestions guide teachers toward fulfilling the eight needs of their students. "I spend hours in my study and on my knees preparing sermons, but when I preach them no one listens. What's wrong? Why aren't I getting through? Why do I see blank stares, daydream reveries, nodding heads as soon as I open my mouth to preach? I know my messages are biblically sound. I'm sure I'm preaching what God has laid on my heart. But it's not being received. What's wrong? What can I do?" Sound familiar? If you're a preacher, you probably know the feeling. But it doesn't have to be that way. You can learn to preach in a way that will be readily, even eagerly, received by your congregation. Bring the Bible to Your Students like Never Before Communicating the Scriptures is much like building a bridge. However, instead of ravines or rivers, the teacher must span both cultural boundaries and great gulfs of time between the present and the pasts of Moses, David, Jesus, and Paul. Though God's Word is always relevant, the teacher must help students see Scripture's vast treasures. The effective, engaging Bible teacher must, therefore, become creative. Together, Lawrence Richards and Gary Bredfeldt have created the ultimate guide to building bridges for those seeking to learn about God's Word. Creative Bible Teaching offers a five-step process by which Christian educators can construct a bridge across time, geography, and culture to

help students of all ages connect with God's Word. This newly revised edition makes learning about God's Word more accessible for both teachers and students today. Simple, clear, and memorable, the method laid out in Creative Bible Teaching provides a sure-fire way of communicating God's Word in a way that sticks.

In these days of economic uncertainty, and in a society that values financial security, money is an emotional topic. Appearances and lifestyle matter to us. And money—or the lack of it—often determines whether or not we're content. The truth is, our attitudes toward money and possessions reflect the quality of our relationship with God. And, according to the Scriptures, our view of money reveals where our true affections lie. Prosperity is not a sin, but it does bring responsibilities. And scarcity is not a virtue, particularly when it distracts us from the things that truly matter. In this six-week study you will discover God's view of material wealth. As you dig into the Scriptures, you'll learn where money comes from, you'll see how we're supposed to handle it, and you'll understand how to live an abundant life, regardless of your financial circumstances.

This leader's guide covers the first three guides in the Walking with God Series and offers helpful advice on how to more effectively share Christ with others.

The inerrancy of God's Word has been attacked throughout church history. Today's assaults are unique since neo-evangelicals now surrender to post-modernistic ideas of history and historical-critical ideologies that assault this vital doctrine. They seek to redefine the orthodox meaning of inerrancy. Since the signing of the Chicago Statements, troubling signs have once again appeared in recent years among many who either did not fight the battles for the inerrancy of Scripture as did the International Council on Biblical Inerrancy, or who do not remember the troubling times that caused their development. The nature and definition of "inerrancy" are now being changed to include ideas of fallibility. History is forgotten. The need arises for sounding the alarm for Vital Issues in Inerrancy. Evangelical schools and churches that broke away earlier to defend inerrancy surrender now to academic prestige and scholarly fads instead of faithfulness to God's inerrant Word. The contributors pray that the Lord will raise up a new generation with the spiritual fervency of the International Council on Biblical Inerrancy to uphold the inerrancy of God's Word: Isaiah 40:8--"The grass withers, the flower fades, But the word of our God stands forever."

'Fundamentalism' is a label used often pejoratively of religious conservatism. Evangelicals are growing in number and power around the world and are frequently regarded as fundamentalist. This volume examines fundamentalism as a mentality which has greatly affected evangelicalism, but which some evangelicals now wish to leave behind.

Following up Robert Traina's classic Methodical Bible Study, this book introduces the practice of inductive Bible study to a new generation of students, pastors, and church leaders. The authors, two seasoned educators with over sixty combined years of experience in the classroom, offer guidance on adopting an inductive posture and provide step-by-step instructions on how to do inductive Bible study. They engage in conversation with current hermeneutical issues,

setting forth well-grounded principles and processes for biblical interpretation and appropriation. The process they present incorporates various methods of biblical study to help readers hear the message of the Bible on its own terms.
