We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The purpose of this volume is to investigate the crucial role played by the return of knowledge of Greek in the transformation of European culture, both through the translation of texts, and through the direct study of the language. It aims to collect and organize in one database all the digitalised versions of the first editions of Greek grammars, lexica and school texts available in Europe in the 14th and 15th centuries, between two crucial dates: the start of Chrysoloras's teaching in Florence (c. 1397) and the end of the activity of Aldo Manuzio and Andrea Asolano in Venice (c. 1529). This is the first step in a major investigation into the knowledge of Greek and its dissemination in Western Europe: the selection of the texts and the first milestones in teaching methods were put together in that period, through the work of scholars like Chrysoloras, Guarino and many others. A remarkable role was played also by the men involved in the Council of Ferrara (1438-39), where there was a large circulation of Greek books and ideas. About ten years later, Giovanni Tortelli, together with Pope Nicholas V, took the first steps in founding the Vatican Library. Research into the return of the knowledge of Greek to Western Europe has suffered for a long time from the lack of intersection of skills and fields of research: to fully understand this phenomenon, one has to go back a very long way through the tradition of the texts and their reception in contexts as different as the Middle Ages and the beginning of Renaissance humanism. However, over the past thirty years, scholars have demonstrated the crucial role played by the return of knowledge of Greek in the transformation of European culture, both through the translation of texts, and through the direct study of the language. In addition, the actual translations from Greek into Latin remain poorly studied and a clear understanding of the intellectual and cultural contexts that produced them is lacking. In the Middle Ages the knowledge of Greek was limited to isolated areas that had no reciprocal links. As had happened to many Latin authors, all Greek literature was rather neglected, perhaps because a number of philosophical texts had already been available in translation from the seventh century AD, or because of a sense of mistrust, due to their ethnic and religious differences. Between the 12th and 14th century AD, a change is perceptible: the sharp decrease in Greek texts and knowledge in the South of Italy, once a reference-point for this kind of study, was perhaps an important reason prompting Italian humanists to go and study Greek in Constantinople. Over the past thirty years it has become evident to scholars that humanism, through the re-appreciation of classical antiquity, created a bridge to the modern era, which also includes the Middle Ages. The criticism by the humanists of medieval authors did not prevent them from using a number of tools that the Middle Ages had developed or synthesized: glossaries, epitomes, dictionaries, encyclopaedias, translations, commentaries. At present one thing that is missing, however, is a systematic study of the tools used for the study of Greek between the 15th and 16th century; this is truly important, because, in the following centuries, Greek culture provided the basis of European thought in all the most important fields of knowledge. This volume seeks to supply that gap.

Collins Easy Learning French Verbs offers beginners a clear and easy-to-understand guide to French verbs.

First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

You'll get up to speed with Spanish grammar, master essential differences between Spanish and English language usage, and be able to communicate effectively when traveling or conducting business. Discover how to: Use fundamental Spanish grammar, from nouns, adjectives, and adverbs to pronouns, prepositions, and conjunctions Select and conjugate Spanish verbs correctly Understand the importance of grammatical gender in Spanish Avoid the most

common writing mistakes Use numbers and express dates and times Name countries and nationalities in Spanish Expand your Spanish vocabulary exponentially Get comfortable with the subjunctive Combine verbs with confidence and competence Sharpen your Spanish-language skills the fun and easy way with Intermediate Spanish For Dummies. Illustrated with 10 images. This book will be a descriptive grammar of the Esperanto language invented by L. L. Zamenhof, which will be complete and comprehensive in regards to a) the grammar of Esperanto as first outlined by Zamenhof in Fundamento de Esperanto and other foundational documents, and b) Esperanto as it is spoken today by the most committed Esperantists. (Proposed reforms to the Esperanto language will be discussed if they have serious support from a significant fraction of Esperanto enthusiasts). This book was started practically on a dare from the August 2006 issue of Bob's Poetry Magazine, in which Robert Happelberg boasted that he could print a complete and comprehensive grammar of Esperanto in just one 6 by 7 inch page. While this is obviously wrong, it's not too far off the mark. When completed, this book will require several standard size (8.5 by 11 in the USA) pages, but will still be much shorter than a complete grammar of a natural language like English or Slovene. In view of this goal, the number of examples provided for each concept will be kept to a bare minimum. Those wishing to build their Esperanto vocabularies are also referred to the Esperanto textbooks. It is acceptable in the beginning to word the text in an accessible manner like in a textbook, but the goal should be for all the text to be technical with a full command of linguistic jargon.

Taking authentic texts from a variety of sources - the human body on CD-ROM, a fish recipe, 'L'Etranger' and many others - this book uses them as a starting point for the illustration and explanation of key areas of French grammar. It includes a range of exercises, many of them text-based.

Claudius Claudianus may be called the last poet of classical Rome. This is volume 1 of 2.

Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context \* expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.

All new for the new GED test! Drills and exercises to help you ace the Science section The GED test includes a Science section covering life science, physical science, and earth and space science. This workbook provides the focused practice you need to earn a passing score on this section. McGraw-Hill Education Science Workbook for the GED Test provides intensive practice in all of the Next Generation Science Standards topic areas covered by the new test. Drills and exercises reinforce learning and assess your progress.

This volume is a Bible history, reaching, in its present imperfect form, from Adam to the death of Saul. It has come to us only in a Latin translation (made from Greek, and that again from a Hebrew original), and by an accident the name of the great Jewish philosopher of the first century, Philo, has been attached to it. Let me say at once that the attribution of it to him is wholly unfounded, and quite ridiculous: nevertheless I shall use his name in italics ('Philo') as a convenient short title. Its importance lies in this, that it is a genuine and unadulterated Jewish book of the first century--a product of the same school as the Fourth Book of Esdras and the Apocalypse of Baruch, and written, like them, in the years which followed the destruction of Jerusalem in A.D. 70. It is thus contemporary with some of the New Testament writings, and throws light upon them as well as upon the religious thought of the Jews of its time. --from the Introduction

PLAZAS: LUGAR DE ENCUEENTROS, 5th Edition, is a two- or three-semester introductory Spanish program designed to support and enhance your students' language learning experience. PLAZAS transports your students to a Spanish-speaking country or region for an authentic and personalized cultural language-learning experience. Culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. Thanks to an exclusive partnership with the National Geographic Society, the fifth edition facilitates multi-modal interactions with cultural information in new and revised sections. The program's pedagogy continues to be firmly rooted in the research of the National Standards for Foreign Language Learning, or the Five Cs--Communication, Cultures, Connections, Comparisons, and Communities. The new A explorar! section draws upon all five standards in an engaging manner while previewing the content of the lesson. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Virgil became a school author in his own lifetime and the centre of the Western canon for the next 1800 years, exerting a major influence on European literature, art, and politics. This Companion is designed as an indispensable guide for anyone seeking a fuller understanding of an author critical to so many disciplines. It consists of essays by seventeen scholars from Britain, the USA, Ireland and Italy which offer a range of different perspectives both traditional and innovative on Virgil's works, and a renewed sense of why Virgil matters today. The Companion is divided into four main sections, focussing on reception, genre, context, and form. This ground-breaking book not only provides a wealth of material for an informed reading but also offers fresh and

sophisticated insights which point to the shape of Virgilian scholarship and criticism to come.

In Spanish, "Tu dirás" means "you will say" . . . and with this text, you will say that Spanish is a fun and exciting language to learn! Media-savvy students like you will love TÚ DIRÁS! because its fully integrated technology helps you learn in ways with which you are familiar--through video, audio, popular music, and interactive multimedia. The award-winning TÚ DIRÁS! video will help build your understanding and ensure your success in the course and beyond the classroom. A fascinating Cultural Video expands your knowledge of the different countries and cultures of the Spanish-speaking world. Plus, MP3-ready Spanish tutorials help with pronunciation and grammar, and the powerful iLrn(tm) Spanish helps you master the skills and contents of the course in a dynamic audio- and video-enhanced learning environment. With TÚ DIRÁS!, you will say "it works!"

SENDEROS approaches language learning as a student-centered, multi-faceted process that goes beyond the ability to understand, speak, read, and write in Spanish. With SENDEROS, students are encouraged to be active participants, not passive receptors, in the learning process. Throughout each chapter, students are regularly asked to think critically, participate in pair and group work, respond to readings, express their opinions, and thoughtfully consider the views of others. Although the focus of SENDEROS is building oral and written communication skills, the variety of material and activities provided within make it equally appropriate for courses that focus on contemporary culture or grammar review. SENDEROS also works well in bridge courses to develop reading strategies before taking upper level literature and civilization classes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Long trusted as the most comprehensive, up-to-date and user-friendly grammar available, French Grammar and Usage provides students and teachers with a complete guide to French as it is written and spoken today. It includes clear and concise descriptions of all the main grammatical phenomena of French, and their use, illustrated by numerous examples taken from contemporary French, and distinguishes the most common forms of usage, both formal and informal. This combination of reference grammar and manual of current usage will prove invaluable to students and teachers of French from intermediate through to advanced level. Praised for its clear lay-out and lucid explanations, the new edition includes updated examples, enhanced cross-referencing and expanded explanations of notoriously difficult points of grammar.

PLAZAS: LUGAR DE ENCuentros, Fourth Edition, is a two- or three-semester introductory Spanish program designed to support and enhance your students language learning experience. PLAZAS's market leading digital and print resources work seamlessly with its rich, proven, and streamlined presentation of culture, grammar, and vocabulary. PLAZAS transports your students to a Spanish-speaking country or region for an authentic and personalized cultural language-learning experience. Culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. The fourth edition features increased use of visuals to enhance authenticity, aid in comprehension, address different learning styles, and ultimately promote acquisition of the language. PLAZAS's balanced attention to the four skills has been enhanced so that each chapters skill-building sections address oral production and provide an easy way for you to assess your students achievement of chapter objectives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

From algebra and chemistry to grammar and Spanish, our expert authors focus on the skills students most need to succeed in a subject.

The purpose of this volume is to investigate scholastic culture in the Hellenistic and Roman eras, with a particular focus on ancient book and material culture as well as scholarship beyond Greek authors and the Greek language. Accordingly, one of the major contributions of this work is the inclusion of multiple perspectives and its contributors engage not only with elements of Greek scholastic culture, but also bring Greek ideas into conversation with developing Latin scholarship (see chapters by Dickey, Nicholls, Marshall) and the perspective of a minority culture (i.e., Jewish authors) (see chapters by Hezser, Adams). This multicultural perspective is an important next step in the discussion of ancient scholarship and this volume provides a starting point for future inquiries.

The narrator and main character, Barty Josselin, attempts suicide after he loses his sight in one eye, prompting the appearance of Martia, the Martian, with whom he now shares his body. Du Maurier also introduces the concept of automatic writing in this novel: while Josselin sleeps, Martia writes and Josselin becomes a world-famous writer.

Chaucer's Translation of Boethius's is an unchanged, high-quality reprint of the original edition of 1868. Hansebooks is editor of the literature on different topic areas such as research and science, travel and expeditions, cooking and nutrition, medicine, and other genres. As a publisher we focus on the preservation of historical literature. Many works of historical writers and scientists are available today as antiques only. Hansebooks newly publishes these books and contributes to the preservation of literature which has become rare and historical knowledge for the future.

Alan Turing is regarded as one of the greatest scientists of the 20th century. But who was Turing, and what did he achieve during his tragically short life of 41 years? Best known as the genius who broke Germany's most secret codes during the war of 1939-45, Turing was also the father of the modern computer. Today, all who 'click-to-open' are familiar with the impact of Turing's ideas. Here, B. Jack Copeland provides an account of Turing's life and work, exploring the key elements of his life-story in tandem with his leading ideas and contributions. The book highlights Turing's contributions to computing and to computer science, including Artificial Intelligence and Artificial Life, and the emphasis throughout is on the relevance of his work to modern developments. The story of his contributions to codebreaking during the Second World War is set in the context of his thinking about machines, as is the account of his work in the foundations of mathematics.

Virgil, Aeneid 8 provides the first full-scale commentary on one of the most important and popular books of the great epic of imperial Rome. The commentary is accompanied by a new critical text and a prose translation.

Originally published in 1988, this volume includes the full text and translation of The Judgment of the King of Navarre by Guillaume de Machaut, alongside textual and biographical notes including the life of the author, comparative studies of Chaucer and Machaut, and criticism and study guides.
