The Rain Queen invites all to imagine that which has become unimaginable. In 1942 MODJADJI, SOUTH AFRICA, women ruled. This is not fiction, this is fact. Their peaceful culture is the complete antithesis of three strangers who have lost all hope but find it again together as the only survivors of a catastrophic train wreck. They agree to start their lives anew, letting the world believe them dead. As the shine of new money and new lives wears quickly, they find themselves traveling the globe in search of myth and salvation in the form of a 'magic treasure' hidden by Princess Dzugundini, the founder of the Rain Queens over 400 years ago. They soon learn that changing names, identities and bank accounts is merely superficial; they must find faith in themselves before true change can begin. The Rain Queen is a sexy, funny, and fanciful story with a depth of soul that reaches out to remind us what beautiful gifts we're given every day, if we choose to see them.

Gaby LeFevre is a suburban, Midwestern firecracker, growing up in the 80s and 90s and saving the world one homeless person, centenarian, and orphan at a time. With her crew of twin sister, Annie, smitten Mikhail, and frenemy Mel, she's a pamphlet-wielding humanitarian, tackling a broken world full of heroes and

heroines, villains and magical seeds, and Northwyth stories. Beginning with a roadkill-burying nine-year-old and a gas-leak explosion, it follows Gaby as she traverses childhood and young adulthood with characteristic intensity and a penchant for disaster. Meanwhile, the large cast of compelling characters entertains and the Northwyth legends draw you into their magic.

When There Is No Wind, Row tells the story about the remarkable career path the author traveled to become a lawyer. When she began that journey in the 1960s, social and cultural barriers were high - women were supposed to become wives and mothers not lawyers - forcing her to tack to different careers. She faced financial barriers as well. The author tells about growing up poor in the 1950s in Kennebunk, Maine. When she left for college, scholarship awards and a student loan with savings from her summer jobs didn't cover her first-year college costs. But she made it, graduating Phi Beta Kappa in 1966, even though married and supporting her widowed mother by her junior year. Her plans for law school were thwarted by the lack of financial aid for women for professional schools. When she began her job search in Boston, want ads were segregated by gender. She landed interviews for "male" jobs through an employment agent who failed to disclose she was female. The first interviewer refused to see her and, at her next interview, she was made to wait for seven hours. She finally landed a job as

computer programmer at an insurance company even though she didn't know what a computer was. Her qualification for the job - she could play bridge! At age 30, the author left her computer career for law school - student aid for women had become available with passage of Title IX of the Civil Rights Act. The barriers for entry into the legal profession in Boston for a lawyer with her unusual "credentials" - female, mid-30s, married, a mother, a public school education and a prior career - were too high to overcome. She tacked to a unique job with the consulting firm, Arthur D. Little, Inc. supporting the company's international projects at the outset of economic globalization. At age 40, she finally began practicing law, building up an international tax practice well before fax, email and the Internet. At age 50, she parlayed her career experiences to found a successful tax software company with her husband.

A portrait of rock music legend Gram Parsons documents his extraordinary talent for integrating country music and rock and roll, his influence on music, his turbulent and self-destructive lifestyle, and his tragic death.

The story is about a golden-haired youth who wanders into the city of Teloth, telling tales of the great city of Aira, where he was prince. While Iranon enjoys singing and telling his tales of wonder, few appreciate it. A city solon even orders Iranon to cease his singing & music, and become apprenticed to the cobbler - or

leave the city by sunset. When a disenfranchised boy named Romnod suggests leaving Teloth to go to the famed city of Oonai (which he thinks may be Aira, now under a different name), Iranon takes him up on his offer.

This book is more than an overview of race. While it includes haplographic studies and ancestry tracing, there is still a lot that is unknown about who we are as a HUMAN race. The story begins with the first people who lived with dinosaurs and the massive mutations occurring 5 thousand and 10 thousand years ago. Why these happened are important when tracing our ancestry. This study does not cover the near term expansion and massive mixing of races. What it does is look for beginnings and endings. Both suggest mutation, separation, migration, and adaptation in a world that is just a changing as race.

Judith's marriage to Adam is failing fast. Despite her best efforts, his attention is entirely taken up by his law practice while her existence-if he remembers it-is merely something to criticize. Thankfully, Judith has an antique shop and her best friend and business partner, Susan, to keep her focused on the good things in life. Tired of being overlooked and undervalued, Judith decides to leave her husband and reconnect with herself as a single woman rather than as Adam's wife. Soon, Judith's world expands to include a support group of women also facing divorce. Slowly learning to extend to herself the same compassion she offers her friends, Judith begins to rediscover her own value as a person and as a woman. And her efforts don't go unnoticed. While Judith rebuilds her life, with the encouragement of her growing circle of friends, a secret admirer starts leaving thoughtful gifts on her doorstep-which she begins to hope will lead to a face-to-face meeting. A celebration of friendship and love, where every character counts, "The Things That Fall Away" is an insightful story that brings to light the beauty of everyday things and the wonder of being truly cherished.

In this book I have written about some aspects of the war which, I believe, the world must know and remember, not only as a memorial of men's courage in tragic years, but as a warning of what will happen again--surely--if a heritage of evil and of folly is not cut out of the hearts of peoples. Here it is the reality of modern warfare not only as it appears to British soldiers, of whom I can tell, but to soldiers on all the fronts where conditions were the same.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

The second book of the WAWT series, *Out of the Mailbox*, takes WAWT out of its home to a setting where it interacts with children. WAWT and the children have to write to communicate clearly. By writing, they learn about one another. The readers have space in the book to write and draw, thereby creating their own story. The book is designed for children from 5-8 years old.

The movie musical has been a much loved genre since motion pictures found a voice and learned to sing. Throughout the decades, audiences thrilled to the glamour of the musicals of Busby Berkley and were emotionally invested in stories about Austrian nuns and the King of Siam with the musicals from Rodgers and Hammerstein. With the advent of Rock 'n Roll, Heavy Metal, R&B, Motown, Punk Rock, and Disco entering the public consciousness, musicals started to sing a very different tune. Into the 1970s, the movie musical became a daring, dangerous, and divinely decedent cinema experience. Lee Gambin's *We Can Be Who We Are: Movie Musicals from the 1970s* explores this explosive energy and diversity. From the quirky sophistication of *On A Clear Day You Can See Forever* and the dark unnerving genius of *Cabaret* to the sweet sentimentality of *Charlotte's Web*, Gambin's book offers insightful film criticism while exhaustively covering the decade. Some of the films Gambin examines include *Phantom of the Paradise*, *Grease*, *The Wiz*, *Rock'n'Roll High School*, *Bedknobs and Broomsticks*, *All That Jazz*, *Godspell*, *Hair*, *The Rose*, *Saturday Night Fever*, *The Rocky Horror Picture Show*, *Willy Wonka and the Chocolate Factory*, *Pete's Dragon*, *Tommy*, *Kiss Meets The Phantom of the Park*, and many, many more. The book also features incredible brand new interviews from dozens of extremely talented artists who made these movies possible: director John Carpenter discussing his biopic *Elvis*; Lesley Ann Warren giving fascinating insight into

the made for TV production *It's A Bird...It's A Plane...It's Superman*; auteur filmmaker Norman Jewison delivering two very different musicals with *Fiddler on the Roof* and *Jesus Christ Superstar*. This book is loaded with numerous production stories and candid insights into how these films were made and received. Gambin's book also features loads of wonderful photos, many of which have never before been seen including wonderfully candid behind the scenes stills!

"*He Walks with Dragons*" takes place when what was, what is, and what shall be were one in the same. Draig, a boy on the verge of his manhood, is summoned to the majestic mountain by the Great Ones. There he finds out he is about to transcend the ages and risk his life to prevent the destruction of mankind. Born into the naïve innocence of ancient man, Draig lives a simple pastoral existence in a quiet, small village. But one day he is flung on a magical journey into a forbidden new world. There, Draconos, a dragon, befriends the boy, training him in the art of warfare. From this day forward, the young boy finds himself in awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. "From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees." And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where will he go? He is no longer just a man.

fighting the market process through legislation. It always uses despotic measures to yield socially catastrophic results. It covers the ancient world, the Roman Republic and Empire, Medieval Europe, the first centuries of the U.S. and Canada, the French Revolution, the 19th century, World Wars I and II, the Nazis, the Soviets, postwar rent control, and the 1970s. It also includes a very helpful conclusion spelling out the theory of wage and price controls. This book is a treasure, and super entertaining!

Most of the time, Briar Rose thinks she's still fifteen, even though it's been two thousand, one hundred, and eighty six days, and if she wasn't stuck in this dream she'd be twenty one already. She hasn't changed since she's been here, not that she can see. There aren't any mirrors or even reflections, so she's not sure if her face has matured, but her voice still sounds young and sweet and her hair hasn't grown at all, still golden and hanging to her elbow in baby curls. Her frock still fits and it's not stretched out or faded or worn, just wet with the scent of her blood. She feels old though, older than fifteen or twenty one or even one hundred. Sometimes she feels older than an entire millenium, sitting here in her dusty, dull castle in the middle of her cloudy, lifeless dream world. Sometimes she wonders what's going to happen when she wakes up after one hundred years and finds everyone she'd ever known has left her behind.

With the leader, Zak, they mount a plan to rescue their fathers while they try to cope with the merciless murders of their families. As Jada and Zak lead the group together, love blossoms, but with soldiers hot on their tail, they need to stay vigilant in the face of war. *War Kids* is a story about the Syrian Civil war through the eyes of a group of teenagers. In high school, everyone's talking about college. What to do. Where to go. Why it's important. Classes are given on it. Books are written about it. But details get left out. Every year, college graduates learn this the hard way as they step into adulthood. I was one of them. After earning a four-year degree, I went through two of the worst years of my life. Not that my situation is unique. I am a part of a generation that was told to go to college first and sort out the details later. Most of us did. We chased the promise of a big shiny future, and we ended up being chased by the mistakes of our past. That's not to say we completely regretted going. This book isn't a list of privileged millennial complaints. It's a collection of wisdom gained in less than pleasant ways. It's a story of hardship, failure, victory, and perseverance. It's all of the things we wish someone had told us. And it takes place before college, in college, after college, and without college. This is the wild, painful, awkward, hilarious, depressing, & beautiful journey from youth to maturity. This is the college book that no one ever gave us.

Thomas Mott Osborne, and President of the Osborne Association, which works to improve the criminal justice system. On May 14, 1825, one hundred mute, dispirited convict-laborers disembarked from steamers at Mount Pleasant, New York. They had been transported in chains nearly three hundred miles from Auburn Prison in upstate New York for the purpose of constructing a new maximum-security prison near a village on the Hudson. Wielding pick axes and shovels, they worked under brutal supervision for five years, building the grim structure out of the rock underfoot, rusty scrap iron, and granite from a local quarry. Overseeing their slave labor was the sadistic Elam Lynds, formerly the warden in Auburn and soon to be the first master of Sing Sing prison. So begins Denis Brian's gripping history of one of America's most notorious prisons. For most of the 19th century Sing Sing was a bastion of inhumane treatment, where guards made every effort to break the spirit of inmates by a fanatic rule of silence enforced by shockingly brutal punishments and tortures-floggings with metal-tipped whips, the Chinese water cure, the Cage, the Crucifix, the Ball and Chain, and more. In 1891, Sing Sing witnessed its first electrocution, which was reportedly a terrible fiasco. This was followed by 613 additional electrocutions of both men and women. In addition, we learn that electricity genius Thomas Edison was a great proponent of this method. Based on extensive research with original sources, Brian's narrative covers every period of the prison's checkered history, from the awful conditions of the 19th century to the relative improvements of the 20th century to today. In 1920, a dramatic turnaround occurred,

when one of criminology's most progressive wardens, Lewis Lawes, took over. In command for twenty-one years, Lawes—who believed in reforming prisoners, not just punishing them—brought almost miraculous changes for the better. During the 20th century Sing Sing held such infamous prisoners as members of Murder Incorporated, the Lonely Hearts Killers, Albert the cannibal Fish, Lucky Luciano, Louis Lepke, and Ethel and Julius Rosenberg. Brian recounts their stories and throws in cameos of such diverse visiting luminaries as Harry Houdini, Arthur Conan Doyle, Johnny Cash, John Cheever, and Mother Teresa. Sing Sing has witnessed it all: from daring, ingenious escapes and the first blood donations by prisoners to inmates volunteering to be injected with syphilis in the interest of medical science. Brian's story ends with a glimpse of Sing Sing in the recent past and today, based on his interviews with the present warden, Brian Fischer; prison guards; a prison psychiatrist; and the daughter of Sing Sing's last executioner. A must for fans of true crime, criminology, and urban American history, Brian's powerfully told story is both a dramatic page-turner and a definitive history. Denis Brian is the widely acclaimed author of *Einstein: A Life*, *Genius Talk*, and *The True Gen: An Intimate Portrait of Hemingway by Those Who Knew Him*, among other works.

Michael Dante played the title role in *Winterhawk* (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. *Winterhawk* and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as *Death Valley Days*, *The Big Valley*, *Daniel Boone*, *Custer*, *The Texan*, *Bonanza*, *Maverick*, and *Cheyenne*.

This biography of the early 20th-century newspaper giant who became news after killing his wife "has the pace and detail of an engrossing historical novel" (Boston Herald). As city editor of Joseph Pulitzer's New York Evening World, Charles E. Chapin was the quintessential newsroom tyrant: he drove reporters relentlessly, setting the pace for evening press journalism with blockbuster stories from the Harry K. Thaw trial to the sinking of the Titanic. At the pinnacle of his fame in 1918, Chapin was deeply depressed and facing financial ruin. He decided to kill himself and his wife Nellie. But after shooting Nellie in her sleep, he failed to take his own life. The trial made one hell of a story for the Evening World's competitors, and Chapin was sentenced to life in Ossining, New York's, infamous Sing Sing Prison. In *The Rose Man of Sing Sing*, James McGrath Morris tracks Chapin's journey from Chicago street reporter to celebrity New York powerbroker to infamous murderer. But Chapin's story is not without redemption: in prison, he started a newspaper fighting for prisoner rights, wrote a best-selling autobiography, had two long-distance love affairs, and transformed

barren prison plots into world-famous rose gardens. The first biography of one of the founding figures of modern American journalism, and a vibrant chronicle of the cutthroat culture of scoops and scandals, *The Rose Man of Sing Sing* is also a hidden history of New York at its most colorful and passionate.
