Buddha Is Merciless. Nobody Has Ever Opened The Doors Of Reality So Deeply, So Profoundly As He Has Done. He Does Not Allow You Any Childish Desires. He Says: Become More Aware, Become More Conscious, Become More Courageous. Don'T Go On Hiding Behind Beliefs And Masks And Theologies. Take Your Life Into Your Own Hands. Burn Bright Your Inner Light And See Whatever Is. And Once You Have Become Courageous Enough To Accept It, It Is A Benediction. No Belief Is Needed. That Is Buddha'S First Step Towards Reality, To Say That All Belief Systems Are Poisonous; All Belief Systems Are Barriers. Osho Buddha'S Teaching Is A Way Of Life, Not A Way Of Belief. His Teaching Is Very Scientific, Very Empirical, Very Practical. He Is Not A Philosopher, Not A Metaphysician. He Is A Very Down-To-Earth Man. Buddha Says: You Can Change Your Life Beliefs Are Not Needed. In Fact, Beliefs Are The Barriers To Real Change. Start With No Belief, Start With No Metaphysics, Start With No Dogma. Start Absolutely Naked And Nude, With No Theology, No Ideology. Start Empty! That Is The Only Way To Come To Truth. Osho

Randi Barrow is back with another gripping heroic World War II story about a boy and his best friend, a German shepherd! In 1941, the Germans began the long, bloody siege on Leningrad. During the chaos, twelve-year-old Ivan is sent to live with relatives when his mother's job is moved to the mountains. But it is a long and dangerous journey to get out of Leningrad. After settling into a new town it falls under Nazi

occupation and Ivan is picked by Axel Recht, an especially heinous soldier, to come work for the Nazis. One of Ivan's more pleasant tasks is to train Alex's dogs. Yet Ivan is determined to use his position to undermine the Nazis and rescue the dogs. But Ivan underestimates Axel's attachment to Zasha and Thor, and soon finds himself being hunted by a ruthless soldier who will stop at nothing to get his dogs back. As World War II rages around them, Ivan must find a way to hide from Axel, protect Zasha and Thor, avoid the constant barrage of deadly bombings, and survive in the devastating conditions of a city cut off from the world.

Three thousand years ago, deep inside the forests of India, a great 'thought revolution' was brewing. In those forest labs, the brightest thinker--philosophers contemplated the universe, reflected on ancient texts called the Vedas and came up with startling insights into questions we still don't have final answers to, like: • What is the universe made of? • How do I know I'm looking at a tree when I see one? • Who am I? My body, my mind, my intelligence, my emotions, or none of the above? And where did they put those explosive findings? In a

sprawling body of goosebumpy and fascinating oral literature called the Upanishads! Intimidated? Don't be! For this joyful, fun guide to some of India's longest-lasting secular wisdoms, reinterpreted for first-time explorers by Roopa Pai, is guaranteed to keep you turning the pages. Why haven't you read it yet?

Get ready for one of Kinsey Millhone's "wildest adventures yet" (San Francisco Examiner) from #1 New York Times bestselling author Sue Grafton Kinsey's skills are about to be sorely tested. She is about to meet her duplicitous match in a couple of world-class prevaricators who quite literally take her for the ride of her life. "L" Is for Lawless: Call it Kinsey Millhone in bad company. Call it a mystery without a murder, a treasure hunt without a map, a quest novel with truly mixed-up motives. Call it the return of Kinsey as bad girl-- quick-witted and quicksilver, smart-mouthed and smart-alecky-- poking her nose into everyone's dirty laundry as she joins up with a modern-day Bonnie and Clyde in an Our Gang comedy that will take her halfway across the country and leave her with a major headache and an empty bank balance.

The first authoritative biography of Babaji, the immortal master made famous by Yogananda's Autobiography of a Yogi, an all-time best-seller. Babaji lives today near

Badrinath, in the upper Himalayan mountains. His body has not aged since the age of sixteen, when centuries ago he attained the supreme state of enlightenment and divine transformation. This followed his initiation into scientific art of Kriya Yoga by two deathless masters, the siddhas Agastyar and Boganathar, who belonged to the "18 Siddha Tradition", famous among the Tamil speaking people of southern India. This rare account, by a long time disciple, reveals their little known stories, ancient culture and present mission, as well as how their Kriya Yoga can be used to bring about the integration of the material and spiritual dimensions of life. Clear explanations of the psychophysiological effects of Kriya Yoga and guidelines for its practice are given. It includes verses from the Siddhas' writings with commentary. A book which will inspire you.

The ancient Greeks discovered them, but it wasn't until the nineteenth century that irrational numbers were properly understood and rigorously defined, and even today not all their mysteries have been revealed. In *The Irrationals*, the first popular and comprehensive book on the subject, Julian Havil tells the story of irrational numbers and the mathematicians who have tackled their challenges, from antiquity to the twenty-first century. Along the way, he explains why irrational numbers are surprisingly difficult to define--and why so many questions still surround them. Fascinating and illuminating, this is a book for everyone who loves math and the history behind it.

A motivational speaker shows readers how to summon and pursue their dreams of success, build persistence, and resist the temptation to succumb to defeat

Treatise on Materials Science and Technology, Volume 25: Embrittlement of Engineering Alloys is an 11-chapter text that describes some situations that produce premature failure of several engineering alloys, including steels and nickel- and

aluminum-base alloys. Chapters 1 to 3 consider situations where improper alloy composition, processing, and/or heat treatment can lead to a degradation of mechanical properties, even in the absence of an aggressive environment or an elevated temperature. Chapters 4 and 5 examine the effect of elevated temperatures on the mechanical properties of both ferrous and nonferrous alloys. Chapters 6 and 7 discuss the effects of corrosive environments on both stressed and unstressed materials. In these environments anodic dissolution is the primary step that leads to failure. Chapters 8 to 10 deal with the effects of aggressive environments that lead to enhanced decohesion or embrittlement of the metal, such as hydrogen, liquid metal, and irradiation-induced embrittlement. Chapter 11 looks into the embrittlement phenomena occurring during welding, one of the most common processing conditions to which a material could be subjected. This book will prove useful to materials scientists and researchers.

One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in *Intimacy: Trusting Oneself and the Other*. “Hit-and-run” relationships have become common in our society as it has grown more rootless, less tied to traditional family structures, and more accepting of casual sex. But at the same time, there arises an undercurrent of feeling that something is missing—a quality of intimacy. This quality has very little to do with the physical, though sex is certainly one possible door. Far more important is a willingness to expose our deepest feelings and vulnerabilities, with the trust that the other person will treat them with care. Ultimately, the willingness to take the risk of intimacy has to be

grounded in an inner strength that knows that even if the other remains closed, even if that trust is betrayed, we will not suffer any permanent damage. In this gentle and compassionate guide, Osho takes his readers step-by-step through what makes people afraid of intimacy, how to encounter those fears and go beyond them, and what they can do to nourish themselves and their relationships to support more openness and trust. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Two women. All alone. With no provision...Can they find hope in a foreign land? Ruth leaves her home with a barren womb and an empty future after losing her husband. She forsakes her abusive parents and follows the woman she has grown to love as a true parent, her late husband's mother, Naomi. Ruth arrives in Israel with nothing to recommend her but Naomi's love. She is destitute, grief-stricken, and unwanted by the people of God. But God has great plans for her. While everyone considers Ruth an unworthy outsider, she is shocked to find the owner of the field—one of the wealthiest and most honored men of Judah—is showing her favor. Long since a widower and determined to stay that way, Boaz finds

himself irresistibly drawn to the foreign woman with the dark, haunted eyes. He tells himself he is only being kind to his cousin Naomi's chosen daughter when he goes out of his way to protect her from harm, but his heart knows better. Obstacles. Heartache. Withered dreams. How can God forge love, passion, and new hope between two such different people?

‘That day I cried like a baby not because I feared what cancer would do but because I didn’t want the disease. I wanted my life to be normal, which it could not be.’ For the first time Yuvraj Singh tells the real story behind the 2011 World Cup when on-the-field triumph hid his increasingly puzzling health problems and worrying illnesses. In his debut book *The test of my life*, he reveals how—plagued with insomnia, coughing fits that left him vomiting blood, and an inability to eat—he made a deal with God. On the night before the 2011 ICC Cricket World Cup final, Yuvraj prayed for the World Cup in return for anything God wanted. In this book, he lays bare his fears, doubts, and the lows he experienced during chemotherapy—when he lost his energy, his appetite, and his hair—and his battle to find the will to survive. Poignant, personal, and moving—*The test of my life*—is about cancer and cricket; but more importantly, it is about the human will to fight adversity and triumph despite all odds.

Twelve-year-old Grace and her mother have always been their own family, traveling from place to place like gypsies. But Grace wants to finally have a home all their own. Just when she thinks she's found it her mother says it's time to move again. Grace summons the courage to tell her mother how she really feels and will always regret

that her last words to her were angry ones. After her mother's sudden death, Grace is forced to live with a grandmother she's never met. She can't imagine her mother would want her to stay with this stranger. Then Grace finds clues in a mysterious treasure hunt, just like the ones her mother used to send her on. Maybe it is her mother, showing her the way to her true home. Lyrical, poignant and fresh, *The Secret Hum of a Daisy* is a beautifully told middle grade tale with a great deal of heart.

God delivered Israel from Egyptian bondage to captivate them for Himself. In the arid wilderness He planned to reveal His nature and ways to them, but they drew back. How different are we today? Many confess the Lordship of Jesus and acknowledge His saving power, yet like Israel, they've drawn back. Rather than pursuing His heart they have cleaved to this world's form of worship—the worship of self. As a result we have changed the image of Jesus to be like us. Fire can alter these images. The fire we need is found in the Holiness of God. God is calling us to draw nearer still...to tremble on Mt. Zion...transformed to touch others.
