

## Unexplained Phenomena The X Files Postcard Book

The science consultant for the popular science fiction TV show discusses the actual scientific research in cell biology, cloning, genetic engineering, aging, hybrid cells, and computer technology that informs the program.

In 1993 The X-Files took the pop-culture fringe into prime time. It absorbed a galaxy of offbeat influences—B-movie horror, trippy pulp sci-fi, urban legend, Atomic Age paranoia, post-Watergate paranoia— and refracted them through the lens of the procedural. The show's legacy is still growing, like a tantalizing truth spreading further out there.

In the bitter heart of a brutal winter, women are inexplicably vanishing in rural Virginia. The only clues to the bizarre disappearances are grotesque remains—human remains—that are turning up in snow banks along the highway. And a disgraced priest has begun to experience strange and disturbing visions possibly connected with a terrible secret. But are the images haunting a fallen man of God to be trusted . . . or are they the deadly lies of a twisted mind? It is a case right out of the X-Files. But the FBI suspended its investigations into the paranormal years ago. Ex-agents Fox Mulder and Dr. Dana Scully are the best team for the job, but they have no desire to revisit the past. Still, the truth about these horrific crimes is out there . . . and only Mulder and Scully can uncover it.

Covers ghosts, UFO sightings, alien encounters, government cover ups, and psychic crime solving

For years, FBI agents Fox Mulder and Dana Scully toiled in the X-Files Unit, a one-office division of the Bureau dealing with cases deemed unsolvable and related to unexplained phenomena. Eventually, both agents left the FBI and began new lives in peaceful anonymity. However, recent events prompted them to return to the Bureau and the X-Files.

Contains the stories Active Shooter, Dia De Los Muertos, and Ismael from issues #1 5 of The X-Files series."

From abductions to cloning, the black oil to alien-human hybridization, follow the epic journey of two agents battling to discover the truth, whatever the cost. Includes exclusives interview including Chris Carter, David Duchovny & William B. Davis, and the inside story of the making of the first episode. This volume collects together some of the best features and interviews from The official X-files magazine to celebrate one of the greatest conspiracy theories of all time.

For years, FBI agents Fox Mulder and Dana Scully toiled in the X-Files Unit, a one-office division of the Bureau dealing with cases deemed unsolvable and related to unexplained phenomena. Eventually, both agents left the FBI and began a new life together in peaceful anonymity. However, recent events prompted them to return to the Bureau and the X-Files. In "Endgame," Gibson Praise sees his master plan close to becoming reality. Will Mulder and Scully be able to stop him? Will they really want to? Find out in the stunning finale of Season 11. Collects issues #6-8 of Season 11 and the "X-Mass

### Special 2015."

Hundreds of unexplained phenomena have been reported in Wisconsin, including hairy beasts, snarling werewolves, alien abductors, storms of angel hair and gleaming spaceships. More UFOs have been sighted in this region of the country than any other outside of a section of New Mexico. The author, working from U.S. Air Force files, FBI documents, police reports, newspaper accounts and personal interviews, recounts hundreds of these bizarre encounters.

In *Wanting to Believe*, acclaimed science-fiction writer Robert Shearman critiques and examines the whole of the X-Files universe, including the spin-off series *Millennium* and *The Lone Gunmen*. As such, this is one of — if not the only — guide of its kind to cover all 13 seasons of this extremely popular property. With this unauthorized guidebook, X-Files fans will be able to reevaluate these TV series with Shearman (World Fantasy Award winner, Hugo Award nominee, renowned playwright, writer on the new *Doctor Who* series and all-around nice guy) as he diligently comments upon all 282 X-Files-related episodes (and the two motion pictures), which form one of the most notable TV works of the 1990s — and is every bit as enjoyable today. Armed with *Wanting to Believe*, you will not only find yourself mulling over Shearman's insights and opinions about *The X-Files* — you will want to pull your DVDs and re-watch this amazing and impressive series for yourself.

For years, FBI agents Fox Mulder and Dana Scully toiled in the X-Files Unit, a one-office division of the Bureau dealing with cases deemed unsolvable and related to unexplained phenomena. Eventually, both agents left the FBI and began a new life together in peaceful anonymity - until now. Collects issues #1-5.

A fan's guide to the television show provides detailed background information on the program's subject matter, scripts, and characters

An all-new collection of 30 full-color images capturing the strange events and aberrant happenings that have haunted and captivated the millions of fans of the dramatic series.

This title explores the fascinating phenomena featured in series two and three of "The X-Files" television series. These include alien abduction, animal mutilation, voodoo, vampires, genetic mysteries, and strange and mysterious places, such as the Bermuda Triangle.

In *The Philosophy of The X-Files*, Dean A. Kowalski has gathered a remarkable cast of contributors to shed light on the philosophical mysteries of the television show *The X-Files*. With sections devoted to the show's credos, such as "The Truth Is Out There," individual characters, and specific episodes, *The Philosophy of The X-Files* illuminates the philosophical assumptions and presuppositions of the show as well as presents discussions through the show to help the reader better understand philosophy and philosophical inquiry.

Can a gumshoe wear high heels? In a genre long dominated by men, women are now taking their place—as authors and as characters—alongside hard-boiled legends like Sam Spade and Mike Hammer. *Hardboiled and High Heeled* examines the meteoric rise of the female detective in contemporary film, television, and literature. Richly illustrated and written with a fan's love of the

genre, *Hardboiled and High Heeled* is an essential introduction to women in detective fiction, from past to present, from pulp fiction to blockbuster films.

This encyclopedia is the most up-to-date, concise, clear and affordable guide to all aspects of science fiction, from its background to generic themes and devices, from authors (established and new) to films. Science fiction has evolved into one of the most popular, cutting-edge and exciting fiction genres, with a proliferation of modern and classic authors, themes and ideas, movies, TV series and awards. Arranged in an A-Z format, and featuring a comprehensive index and cross-referencing system, *The Mammoth Encyclopedia of Science Fiction* is also the most accessible and easy to use encyclopedia of its kind currently available.

For years, FBI agents Fox Mulder and Dana Scully toiled in the X-Files Unit, a one-office division of the Bureau dealing with cases deemed unsolvable and related to unexplained phenomena. Eventually, both agents left the FBI and began new lives in peaceful anonymity. However, recent events prompted them to return to the Bureau and the X-Files.

Contains the stories "Active Shooter," "Dia De Los Muertos," and "Ismael" from issues #1-5 of *The X-Files* series.

The first in the Routledge Television Guidebooks series, *Science Fiction TV* offers an introduction to the versatile and evolving genre of science fiction television, combining historical overview with textual readings to analyze its development and ever-increasing popularity. J. P. Telotte discusses science fiction's cultural progressiveness and the breadth of its technological and narrative possibilities, exploring SFTV from its roots in the pulp magazines and radio serials of the 1930s all the way up to the present. From formative series like *Captain Video* to contemporary, cutting-edge shows like *Firefly* and long-lived popular revivals such as *Doctor Who* and *Star Trek*, Telotte insightfully tracks the history and growth of this crucial genre, along with its dedicated fandom and special venues, such as the Syfy Channel. In addition, each chapter features an in-depth exploration of a range of key historical and contemporary series, including: -*Captain Video and His Video Rangers* -*The Twilight Zone* -*Battlestar Galactica* -*Farscape* -*Fringe* Incorporating a comprehensive videography, discussion questions, and a detailed bibliography for additional reading, J. P. Telotte has created a concise yet thought-provoking guide to SFTV, a book that will appeal not only to dedicated science fiction fans but to students of popular culture and media as well.

"Excellent background research . . . on-site investigations of mysteries ranging from crop circles and lake monsters to spiritualist mediums and stigmata." —Booklist As a former private investigator and forensic writer, Joe Nickell has spent much of his career identifying forged documents, working undercover to infiltrate theft rings, and investigating questioned deaths. Now he turns his considerable investigative skill toward the paranormal, researching the most well-known and mysterious phenomena all over the world—spontaneous human combustion, UFO visitations, auras, electronic

poltergeists, and many, many more—with an eye toward solving these mysteries rather than promoting or dismissing them. *Real-Life X-Files: Investigating the Paranormal* examines the cases of over forty paranormal mysteries. Using a hands-on approach, Nickell visits the scene of the so-called unexplainable activity whenever possible and attempts to physically duplicate the miraculous. Whether he's inflicting stigmata on himself or recreating the liquefying blood of Saint Januarius, Nickell does whatever necessary to eliminate the probable before considering the supernatural. What is left is that much more fascinating. Nickell reports on familiar legends from American history such as the supernatural events surrounding Abraham Lincoln's death and the supposed crash landing of an alien spacecraft near Roswell, New Mexico. He closely examines claims of the miraculous, from rose petals bearing the likeness of Jesus to photographs of a "golden door" to heaven. Controversial mysteries such as clairvoyance and "spirit painting," haunted places, and freaks of nature are just a few of the many topics covered. Suspenseful, engrossing, funny, and grounded in scientific methodology, *Real-Life X-Files* provides real explanations for the "paranormal" activities that have intrigued human beings for centuries.

If you are a fan of action movies, you can not miss this book. It is one of the best action books in the world. The film opens in 35,000 B.C., in what will become North Texas. It revolves around Federal Bureau of Investigation (FBI) special agents Fox Mulder, and Dana Scully who investigate X-Files: marginalized, unsolved cases involving paranormal phenomena.

A fully authorized, richly illustrated inside look into 50 of Mulder and Scully's most memorable monster cases When an X-Files fan opens up *The X-Files: The Official Archives*, they are gaining access—for the first time—to Agents Mulder and Scully's notes, records, and visual evidence from actual X-File reports. Designed to mimic a collection of FBI case files and packed with such items as autopsy reports, mug shots, lab results, handwritten notes, newspaper clippings, pages ripped from antique books on the occult, and security camera printouts, this fully authorized book is the only one of its kind. Detailing the agents' investigations into 50 cases of cryptids, biological anomalies, and parapsychic phenomena—from the Flukeman to The Great Mutato to Pusher—*The X-Files: The Official Archives* showcases some of the show's greatest villains (some dastardly, some just misunderstood), and instructs future agents on how to successfully investigate the paranormal.

Not since *Star Trek* has a TV series transcended mere entertainment to become a cultural phenomenon in the way *The X-Files* has. These files are a branch of the FBI devoted to paranormal cases. Agents Fox Mulder and Dana Scully explore paranormal phenomena involving UFOs, alien abduction, vampires and demonic possession. Featuring a complete behind-the-scenes episode guide to all three seasons, this guide provides a comprehensive look at the making of the

series and the phenomenon it has spawned. It features interviews with the show's cast and crew, a glossary and numerous photographs.

Takes a scientific approach to paranormal mysteries, taking readers on a series of case studies from spontaneous human combustion and hauntings to aliens and stigmata, employing forensic and investigative techniques to their analysis.

For six acclaimed seasons, FBI paranormal detectives Mulder and Scully have been chasing monsters and little green men and exposing government conspiracies, while espousing the mantras "trust no one" and "the truth is out there." This work takes a close look at the popular television series and shows how its style, character and narrative structure have continued to tease and please a wide viewing audience every week for six years. The first section examines the text of the series and the progression of its mythic story arc. This part also looks at the show's use of expressionistic techniques in both its visual and sound effects; the related tropes of self-reflexive humor, irony and the grotesque; and its ability to give the audience an occasional strong sensory jolt. The second section explores the context that has given rise to The X-Files phenomenon in the 1990s. The show's gothic horror tradition is established, and its contribution to the Zeitgeist of the 90s is also acknowledged.

"Came Back Haunted," Part 4 of 4: Mulder finds himself deep in a haunted forest where he uncovers a conspiracy with strong ties to some old foes. Will Scully reach Mulder before he's lost for good?

Since its inception in 1993, The X-Files has opened up our minds to government conspiracies, alien life, and unexplained phenomena. Nine seasons and two feature films later, The X-Files is still considered one of the most iconic television shows of the 20th century. Join over 40 Los Angeles fans, cast, and crew members, including Chris Carter, Gillian Anderson, David Duchovny, R.W. Goodwin, and Laurie Holden, as they share their behind the scenes memories - some never before told - of working on The X-Files: Fight the Future and Seasons 6 - 9.

Interested in visiting actual filming locations used for the series? LAX-Files details the most popular Southern California X-Files locations, including William's birth place, the mansion from How the Ghosts Stole Christmas, and the Federal Building from Fight the Future. This is a fan made book dedicated to the memory of the late and great television director, Kim Manners. Kim is known for his prolific and emotionally captivating work on Booker, 21 Jump St., Brisco County Jr, Simon and Simon, The X-Files, and Supernatural. All of the books profits will go to the American Cancer Society, the charity of the Manner's Family choosing.

Dr Gregory, a renowned nuclear weapons researcher, is not only dead - he's been charred to a radioactive cinder. FBI agents Fox Mulder and Dana Scully are called in to solve the mystery.

The holidays have brought together all the X-Files agents for the very first time! Walter Skinner hosts a get-together for his most special agents, but the festive night turns tense when someone-- or something-- comes down the chimney! In a second story, the X-Files team of the 1940s-- Bing Ellington and Millie Ohio from the Year Zero miniseries-- investigate a potential Communist saboteur, but discover an impossible creature-- a gremlin!

This real-life The X-Files and Close Encounters of the Third Kind tells the true story of a computer programmer who tracks paranormal events along a 3,000-mile stretch through the heart of America and is drawn deeper and deeper into a vast conspiracy. Like "Agent Mulder" of The X-Files, computer programmer and sheriff's deputy Zukowski is obsessed with tracking down UFO reports in Colorado. He would take the

## Read Book Unexplained Phenomena The X Files Postcard Book

family with him on weekend trips to look for evidence of aliens. But this innocent hobby takes on a sinister urgency when Zukowski learns of mutilated livestock, and sees the bodies of dead horses and cattle—whose exsanguination is inexplicable by any known human or animal means. Along an expanse of land stretching across the southern borders of Utah, Colorado, and Kansas, Zukowski discovers multiple bizarre incidences of mutilations, and suddenly realizes that they cluster around the 37th Parallel or “UFO Highway.” So begins an extraordinary and fascinating journey from El Paso and Rush, Colorado, to a mysterious space studies company and MUFON, from Roswell and Area 51 to the Pentagon and beyond; to underground secret military caverns and Indian sacred sites; beneath strange, unexplained lights in the sky and into corporations that obstruct and try to take over investigations. Inspiring and terrifying, this true story will keep you up at night, staring at the sky, and wondering if we really are alone...and what could happen next.

Chapters: The X-Files, UFO, Prey, The 4400, Cartman Gets an Anal Probe, Taken, Treehouse of Horror, Fire in the Sky, Night Skies, The Fourth Kind, Lifted, Alien Abduction, Little Green Men, Alien Abduction: Incident in Lake County, The 37's, Progeny, Communion, Anal probing, Prey Invasion, Beyond the Veil, Zuma: Tales of a Sexual Gladiator, The Cult of Alien Gods: H. P. Lovecraft and Extraterrestrial Pop Culture, The Janos People, Los Hombres De Negro y los OVNI, Transit, The McPherson Tape. Excerpt: The X-Files is an American science fiction television series and a part of The X-Files franchise, created by screenwriter Chris Carter. The program originally aired from September 10, 1993 to May 19, 2002). The show was a hit for the Fox network, and its characters and slogans (such as "The Truth Is Out There," "Trust No One," "I Want to Believe") became popular culture touchstones in the 1990s. Seen as a defining series of its era, The X-Files tapped into public mistrust of governments and large institutions, and embraced conspiracy theories and spirituality as it centered on efforts to uncover the existence of extraterrestrial life. The series spawned a spin-off show, The Lone Gunmen. In the series, FBI agents Fox Mulder (David Duchovny) and Dana Scully (Gillian Anderson) are the investigators of X-Files: marginalized, unsolved cases involving paranormal phenomena. Mulder is a believer in the existence of aliens and the paranormal, while Scully, a skeptic, is assigned to make scientific analyses of Mulder's discoveries. Early in the series both agents become pawns in a larger conflict, and come to trust only each other. They develop a close relationship, which begins as a platonic friendship, but develops into a romantic relationship by the end of the series' run. In addition to the series-spanning story arc, "monster of the...

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Dr. Gregory, a renowned nuclear weapons researcher, is not only dead--he's been charred to a radioactive cinder. Since this is a death on Federal property, Mulder and Scully are hastily called in. As FBI agents who specialize in unexplained phenomena, they are the investigators of The X-Files, strange and inexplicable cases which are also mysteries that the FBI doesn't want solved. When a second victim, completely unrelated to nuclear science or Dr. Gregory is obliterated in the New Mexico desert, and then a third dies the same way in Washington, DC, Mulder and Scully begin to focus on the frightening dimension of their task. The bizarre deaths cannot be a coincidence. And as they work to uncover the secret unifying element that unites these deaths, it becomes clear that this twisted puzzle has fatal consequences for the entire world.

Reopen the files on the ultimate conspiracy theory. Join Agents Mulder and Scully in their epic quest to expose the truth, and meet the
