

## Unit 6 Elt Oup

'How Languages Are Learned' provides a readable introduction to the main theories of first and second language acquisition, relating them to approaches to classroom methodology and practice.

Project brings English to life through motivating topics within a structured learning environment. It provides a clearly-structured, supportive framework of grammar with the flexibility to allow students to make their own discoveries. Language is presented in stimulating, realistic contexts. A high profile is given to skills development from the start of the course. Cross-curricular project work encourages students to communicate in English about their own lives and experiences. The strong cultural element helps students to establish a connection between language and life. Students are encouraged to learn about life in Britain and other English-speaking countries, as well as to explore differences and draw comparisons with their own cultures. Strong emphasis is placed on learner independence: students are encouraged to think about their own learning and reflect on their progress. The course is enriched by numerous songs, games, and puzzles which make language learning fun. The fifth level, Project Plus, is a revision level with the emphasis on skills extension, in particular reading and speaking.

The first four levels of a new video series to accompany the New Headway. It can be used as an additional component to the New Headway, or as a supplement to any course at the appropriate level. Key Features Each level consists of six self-contained comedy stories looking at the lives and misadventures of four people in their twenties who share a house. The syllabus is closely linked to the New Headway. Each episode provides a natural context to consolidate the grammatical, functional and lexical areas covered by the course, and to develop listening skills. Key language is controlled and contextualized throughout. Each episode provides clear grammar and functional language, with an emphasis on developing communicative skills. The video is supported by an Activity Book for students and a Video Guide for teachers. Student's Book Before you watch, While you watch, and After you watch activities for full exploitation of the video Attractive illustrations in full colour Complete transcript

The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: ? an explanation of the key aspects of the CEFR for teaching and learning; ? a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail on listening and reading; - a new Pre-A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; ? a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement with language education that has been pursued by the Council of Europe since 1971 and which seeks to: ? promote and support the learning and teaching of modern languages; ? enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; ? protect linguistic and cultural diversity in Europe; and ? promote the right to quality education for all.

A new edition with a modified syllabus and extensive new material.

English for Academic Purposes provides a comprehensive overview of the field of English for Academic Purposes (EAP) for teachers. It not only looks at study skills, but also at other central concerns of EAP, such as needs analysis, syllabus and course design, methodology and materials, learning styles, tests and exams, and academic style and genre analysis. In addition to general EAP, the author also considers subject-specific language and the production of teaching materials. Throughout, the author adopts a user-friendly approach in which theoretical considerations are balanced with practical experience. Issues are discussed and illustrated, but readers are also encouraged to form their own opinions by means of stimulating introspect and discuss sections at the end of each chapter.

When you stretch to reach new goals, you need support. Stretch provides a comprehensive support system and a unique 6 skills approach to help students meet their personal, academic and professional goals. Stretch is a four-level integrated skills course that supports students to reach their full potential. In addition to explicit and supportive instruction in listening, speaking, reading and writing, Stretch offers a focus on

practical viewing and presenting skills. Presenting skills instill confidence in public speaking. Viewing skills use BBC Worldwide Learning videos to teach media literacy for 21st-century success. The skills practiced in Stretch are chosen to reflect the CEFR can-do statements and help students achieve success on standardized tests such as TOEICRG.

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

A complete language-learning package for American English students at intermediate level.
