In a guide that helps couples create a godly framework for dealing with common issues once kids are in the picture, spouses will discover how to keep their marriage strong and steady after the children arrive.

For fans of *Everything Is F\*cked* and *Against Purity: Living Ethically in Compromised Times*, a book about facing the multiple crises of modernity--and hospicing modernity--with maturity, humility, and integrity. This book is not easy: it contains no quick-fix plan for a better, brighter tomorrow, and gives no ready-made answers. Instead, Vanessa Machado de Oliveira presents us with a challenge: to grow up, step up, and show up for ourselves, our communities, and the living Earth, and to interrupt the modern behavior patterns that are killing the planet we're part of. Driven by expansion, colonialism, and resource extraction and propelled by neoliberalism and rabid consumption, our world is profoundly out of balance. We take more than we give; we inoculate ourselves in positive self-regard while continuing to make harmful choices; we wreak irreparable havoc on the ecosystems, habitats, and beings with whom we share our planet. But instead of drowning in hopelessness, how can we learn to face our reality with humility and accountability? Machado de Oliveira breaks down archetypes of cognitive dissonance--the do-gooder who does "good enough," then retreats to business as usual; the incognito capitalist who, at first glance, may seem like a radical change-maker--and asks us to dig deeper and exist differently. She explains how our habits,

behaviors, and belief systems hold us back...and why it's time now to gradually disinvest. Including exercises used with teachers, NGO practitioners, and global changemakers, she offers us thought experiments that ask us to:

- Reimagine how we learn, unlearn, and respond to crisis
- Better assess our surroundings and interact with difference, uncertainty, complexity, and failure
- Expand our capacity to hold personal and collective space for difficult and painful things
- Understand the "5 modern-colonial e's": Entitlements, Exceptionalism, Exaltation, Emancipation, and Enmeshment in low-intensity struggle activism
- Interrupt our satisfaction with modern-colonial desires that cause harm
- Create space for change driven neither by desperate hope nor a fear of desolate hopelessness

For fans of adrienne maree brown, Sherri Mitchell, and Charles Eisenstein, *Hospicing Modernity* challenges our assumptions and dares to ask more of us, for the sake of us all.

From the multi-million-copy bestselling author of *Wicked* comes a magical new twist on Alice's Adventures in Wonderland, published to coincide with the 150th anniversary of Lewis's Carroll's beloved classic. When Alice toppled down the rabbit-hole 150 years ago, she found a Wonderland as rife with inconsistent rules and abrasive egos as the world she left behind. But what of that world? How did 1860s Oxford react to Alice's disappearance? In this brilliant work of fiction, Gregory Maguire turns his dazzling imagination to the question of underworlds, undergrounds, underpinnings—and understandings old and new, offering an inventive spin on Carroll's enduring tale. Ada, a friend of Alice's mentioned briefly in *Alice's Adventures in Wonderland*, is off to visit her friend, but arrives a moment too late—and tumbles down the rabbit-hole herself. Ada brings to Wonderland her own imperfect apprehension of cause and effect as she embarks on an odyssey to find Alice and see her safely home from this surreal world below the world. If Eurydice can ever be returned to the arms of Orpheus, or Lazarus can be raised from the tomb, perhaps Alice can be returned to life. Either way, everything that happens next is "After Alice."

Vanessa S. Oliveira provides rich evidence to explore the many ways formidable Luso-African women influenced the society around them between 1808 and 1867. In doing so, she reveals an unexpectedly nuanced economy with regard to the dynamics of gender and authority.

What keeps women from being their best? Joyce has been helping women better themselves by helping identify emotional barriers and physical, mental, and spiritual obstacles in their lives for years. Now she provides another answer-confidence. Our society has an insecurity epidemic, women in particular. Compensating by pretending to be secure-a common response-only leads to feelings of shame. Lack of self-confidence causes great difficulty in relationships of all kinds, and in marriage instances can even lead to divorce. In *THE CONFIDENT WOMAN*, Joyce explores the seven characteristics of a woman with confidence, which include a woman who knows she is loved, who refuses to live in fear, and who does not live by comparisons. Joyce explains that confidence stems from being positive in your actions and living honestly, but most importantly from having faith, in God and in ourselves.

Este livro busca falar sobre a maldade camuflada e praticada nos relacionamentos. Às vezes, uma pessoa acha que encontrou o homem da sua vida. Ele é educado, carinhoso, encantador, simpático e envolvente. Mas aos poucos começa a notar fatos estranhos. Até descobrir toda a falsidade.

This volume bridges the gap between contemporary theoretical debates and educational policies and practices. It applies postcolonial theory as a framework of analysis that attempts to engage with and go beyond essentialism, ethno- and euro-centrism through a critical examination of contemporary case studies and conceptual issues. From a transdisciplinary and post-colonial perspective, this book offers critiques of notions of development, progress, humanism, culture, representation, identity, and education. It also examines the implications of these critiques in terms of pedagogical approaches, social relations and possible future interventions.

Allison Trowbridge harnesses the power of story in a series of letters to an imagined young woman wrestling with the questions that arise as she stands on the precipice of adulthood. Our life's journey is our life's destination. Never in history has a young woman had so many options before her, yet never has she had less direction or guidance on what to do with them. A woman at the precipice of adulthood often

finds herself with more questions than answers, with more disenchantment than direction. How is she supposed to “lean in” to a successful career while also building deeply meaningful relationships? How can she care for the community around her while simultaneously developing a global mindset and changing the world? How can she be all that she is destined to be without feeling paralyzed by the pressure of so many prospects? Allison Trowbridge knows this dilemma well. She remembers stepping into her twenties and wishing for a mentor to guide her through this dizzying season of life. In *Twenty-Two*, she becomes the mentor she was looking for. Drawing from her own experience and from the wisdom of others, she offers advice and counsel in a series of personal letters to “Ashley,” a fictional college student looking for mentorship from someone one step ahead in life. Over the course of twenty-two letters, Trowbridge addresses a wide range of practical issues and ties them to larger concerns such as identity, loss, social impact as a lifestyle, wisdom in the ordinary moments, and the profound way God’s work is realized in how we live every day. Subtly weaving in today’s pressing social concerns—from poverty in our neighborhoods to human trafficking across the globe—*Twenty-Two* will inspire a greater sense of mission and a passion to live more fully as young women embark on their own remarkable journeys.

Part of being human is experiencing setbacks, both minor and major. What can set you apart is how you deal with them. In *You Are Irreplaceable*, author Augusto Cury encourages you to get back to a time when you were driven by the dream of being alive, not controlled by your troubles and opponents. *You Are Irreplaceable* takes you on a winding spiritual journey starting when your life was simple and uncomplicated. sampling of Augusto's inspirational reflections: "Criticize every negative thought—complacency, compliance, and passivity

must all be questioned and the causes of inner conflict must be considered. Demand happiness, confidence, and well-being. Broaden your emotional range and embrace new experiences. Be the author, not the victim, of your history!" Augusto Cury can help you cope with failure, grief, and fear. Let him inspire success, well-being, and happiness.

This volume considers the interface in which slavery, memory, citizenship have been intertwined. The full rights and responsibilities associated with citizenship confront the legacy of slavery, the persistence of racism and the ways people want to remember past wrongs that affect the lives of people in the present. Indeed achieving full citizenship also has to overcome what people don't want to remember about the past because of the inconvenience of knowing the truth and the difficulty of adjusting attitudes and social relationships.

"A gem of a mystery, fast-paced and suspenseful."--Catherine Coulter, # 1 New York Times bestselling author Set in a small, picturesque North Carolina town, Charlie Donlea's suspenseful debut novel tells the haunting story of a murdered law school student, the reporter assigned to her story—and the intimate connection that comes when the living walk in the footsteps of the dead. At first, investigative reporter Kelsey Castle thinks of the assignment as a fluff piece. But the savagery of the crime, and the determined efforts to keep the case quiet, all hint at something far

more than a random attack by a stranger. As Kelsey digs deeper, pushing on despite danger and warnings, she feels a growing connection to the dead girl.
