Originally released in 2005 and titled, Feels Like Home, A MOMMY FOR CHRISTMAS has been substantially revised and contains brand new scenes never before published. A heartwarming, tear-inducing, holiday miracle kind of story you'll never forget... All Tyler wants for Christmas is a Mommy. Not to walk without his crutches, or to skip his next surgery. Just a mommy. His father, Chicago Cop Jimmy Corona is determined to find him one in his hometown of Big Falls Oklahoma. But trouble follows him there, trouble that could get them both killed. Once shy and awkward, Kara Brand has blossomed into a graceful beauty with the biggest heart in the state of Oklahoma. Jimmy thinks she's the perfect mommy-candidate, and she falls in love with little Ty at first sight. Jimmy plans to win her and wed her, not to love her. But he never intended for her to get caught in between a murderous criminal and his little boy.

How does your level of education affect your lifetime earnings profile? Will economic development lead to increased environmental degradation? How does the participation of women in the labor force differ across countries? How do college scholarship rules affect savings? Students come to economics wanting answers to questions like these. While these questions span different disciplines within economics, the methods used to address them draw on a common set of mathematical tools and techniques. The second edition of Mathematical Methods for Economics continues the tradition of the first edition by successfully teaching these tools and techniques through presenting them in conjunction with interesting and engaging economic applications. In fact, each of the questions posed above is the subject of an application in Mathematical Methods for Economics. The applications in the text provide students with an understanding of the use of mathematics in economics, an understanding that is difficult for students to grasp without numerous explicit examples. The applications also motivate the study of the material, develop mathematical comprehension and hone economic intuition. Mathematical Methods for Economics presents you with an opportunity to offer each economics major a resource that will enhance his or her education by providing tools that will open doors to understanding.

A never-before published tale by the author of the best-selling Hittite Warrior, carries the reader back to Ancient Egypt and biblical Jerusalem. It is 701 B.C-rule of the Kushite dynasty in ancient Egypt. Young Prince Taharka, a very minor royal son, succeeds unexpectedly to the throne of Kush and Egypt-a divine rulership. It's not long, however, before a treacherous plot pushes him into sudden exile and into the hands of Amos, an emissary of King Hezekiah seeking help against the Assyrians. Posing as a medical assistant, Taharka journeys with Amos to Judea where he encounters two kings in conflict. His true identity suddenly uncovered, he must choose with whom he will fight-the mighty Assyrian, Sennacherib, promising alliance or Hezekiah, the Jew who trusts in Yahweh. A novel inspired by research on the historical King Taharka and his period.

This book will be a completely revised and updated version of the Land Rover 90, 110 and Defender Restoration Manual (H600), containing a great deal of new material, particularly on later Defender models which have become available since the original edition.

Leek Lanzia, who many believe is the Liberator mentioned in the Prophecy, is given command of the remnants of the mutant army after it is decimated by the TGA's seemingly invincible hoovertanks. He must reorganize and rebuild the army if there is going to be any chance of stopping the TGA from marching all the way to Rigomol and overrunning the capital city. After losing a bid to becoming chancellor, Lorin aligns herself with Leek in order to preserve the organization she and her father have so painstakingly built and to save the Nanomites from Videll Lai's ordered genocide. While rebuilding the Loyalist's 3rd Army, Leek proves himself a capable leader and quickly gains the support and admiration of his soldiers and the people of Tarizon. But as the war drags on Leek yearns to rescue his mate, Lucinda, held captive by Videll Lai in the capital city of Shisk.

Touring Car Racing, a feast of nostalgia, celebrates the 60-year heritage of the British Touring Car Championship. From the era of Mini Coopers and Lotus Cortinas to the Vauxhall Astras and Honda Civics of recent years, all the highlights of Britain's ever-spectacular touring car scene are captured in a year-by-year visual extravaganza with over 600 photos and expert commentary. Compiled by long-time touring car journalist Matt James, the book has a chapter for each year featuring a summary of the season, 10 photos showing all the top cars and drivers in action, key statistics and a profile of the champion driver. Anyone who has ever enjoyed touring car racing as a participant, spectator or television viewer will treasure this book. The 1950s. The British Saloon Car Championship was inaugurated in 1958 and from the start it was super-competitive, ending in a tie that was resolved by a shoot-out in favour of Jack Sears. The 1960s. There were three Mini champions but mainly this was a Ford era, epitomised by Lotus Cortinas (with Jim Clark ever spectacular) and big Falcons, Galaxies and Mustangs from America. The 1970s. Smaller classes came to the fore in this decade, with three drivers sharing seven titles — Bill McGovern took three in Sunbeam Imps while two apiece went to Bernard Unett (Chrysler Avenger GT) and Richard Longman (Mini 1275GT). The 1980s. Three drivers also bestrode this decade but in a wider range of cars, including Mazda RX-7, Alfa Romeo GTV, Rover Vitesse and Ford Sierra XR4i; Win Percy and Andy Rouse each took three titles, Chris Hodgetts two. The 1990s. Overseas drivers arrived in force to mix it with home-grown stars during the highly competitive Super Touring years, the decade's champions including Joachim Winkelhock (BMW 318is), Frank Biela (Audi A4 quattro), Alain Menu (Renault Laguna), Rickard Rydell (Volvo S40) and Laurent Aiello (Nissan Primera). The 2000s. Vauxhalls were the star cars, taking six titles, while the decade brought three double champions in the form of James Thompson (Vauxhall Astra), Matt Neal (Honda Integra) and Fabrizio Giovanardi (Vauxhall Vectra VXR). The 2010s. Yet more variety and brilliant racing has characterised the current decade, with Gordon Shedden becoming the winningest driver with three titles in Honda Civics.
