From the Introduction: This book is not about Zen. Nevertheless, Zen pervades its pages. Anecdotally, it's about the hunt for and occasional capture of unique motorcars by one man over a period of six decades. This book details a lifetime of searching, finding, buying, transporting, restoring, enjoying, and eventually selling the products of a hobby gone wild. Reading these true stories of one man's lifelong car-collecting avocation, you'll find the journey seldom follows the anticipated path. As with life itself, there are sudden turns, frequent stops, and frustrating conditions, events, and outcomes. It's probably better to recognize these through others' experiences, rather than stumbling into the pitfalls and darker elements of car collecting on your own and without preparation. As I did. After you've read the car stories, and had an opportunity to observe mistakes made, and the adverse results that often follow, the book's concluding chapter will offer lessons learned across a car-collecting lifetime. Take heed. These lessons could help prevent similar mistakes in your own collecting pursuits. Who knows, they might even save you from yourself. Looking back, I wish I'd found something similar sixty years ago to better prepare for the hobby's rigors. Many wasted hours and dollars might have been saved. Above all, these stories should illustrate the difference between learning as you go - flying by the seat of your pants - or gaining information and knowledge before stepping into the rewarding, but also daunting, hobby of collecting old cars. Take the lesson. -- Bruce Valley

Auto Maintenance Log Notebook With 110 Pages, Size 6x9 inches contains Log Date, Mileage log, Repairs, And Maintenance. Modern cars are more computerized than ever. Infotainment and navigation systems, Wi-Fi, automatic software updates,

Read PDF Vehicle Maintenance Log Book Car Maintenance Repair Log Book Journal Log Date Mileage Repairs And Maintenance Notebook With 100 Pages Auto Books

and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems. Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, The Car Hacker's Handbook will show you how to:

- Build an accurate threat model for your vehicle
- Reverse engineer the CAN bus to fake engine signals
- Exploit vulnerabilities in diagnostic and data-logging systems
- Hack the ECU and other firmware and embedded systems
- Feed exploits through infotainment and vehicle-to-vehicle communication systems
- Override factory settings with performance-tuning techniques
- Build physical and virtual test benches to try out exploits safely

If you're curious about automotive security and have the urge to hack a two-ton computer, make The Car Hacker's Handbook your first stop.

If you want to know, step by step, how to quickly, easily, and smoothly walk anyone from being a skeptical prospect to a happy customer that refers you friends, family, and colleagues...then you want to read this book. Here's the deal: Selling is, at its core, isn't a patchwork of cheesy closing techniques, annoying high-pressure tactics, or gimmicky rebuttals. True

salesmanship follows very specific laws, has very specific steps and stages, and leaves a customer feeling happy and helped. It's honest, respectful, enlightening, friendly, and done with real care. It's the type of selling that wins you not only customers, but fans. Not coincidentally, this is the type of selling that truly great salespeople have mastered. This is the type of selling that keeps pipelines full and moving, and that builds a strong, loyal customer base that continues to give back to you in the form of customer loyalty, reorders, and referrals. Well, that's what this book is all about. It will give you a crystal-clear picture of the exact steps that every sale must move through and why, and how to methodically take any prospect through each, and eventually to the close. And how to do it with integrity and pride. In this book, you'll learn things like... The eight precise steps of every sale. Leave any out, and you will struggle. Use them all correctly, and you will be able to close unlimited sales. The true purpose of the presentation and the crucial, often-missing steps that need to be taken first. If you're making the same presentation mistakes as most other salespeople, this chapter alone could double your sales. How to easily discover which prospects can use and pay for your product/service, and which can't. Time is your most valuable commodity as a salesperson, and if wasted, it costs you money. Know exactly when it's time to go for a close, and know how to smoothly create an abundance of closing opportunities. This is the hallmark of every master closer. Learn it, use it, and profit. Why it's a myth that you need to know multiple ways to close deals. Learn this one, simple method, and you'll be able to use it to close all of your sales. Simple formulas to turn any objection into a closing opportunity. Use them and never fear hearing a prospect's objection ever again. And a whole lot more! This is more than a just a book, really. It's a step-by-step sales training course. Each chapter ends with precise exercises that will help you master each technique taught and each step of the sales process. If you are new to sales, make this book the first one you read, and you will greatly increase your chances for quick success. If you are a seasoned veteran and are looking for ways to improve your numbers, this book will help you make your sales goals a reality. **SPECIAL BONUS FOR READERS!** With this book you'll also get a free "Road Map" from the author that lays out, in a PDF chart, every step and key principles taught in the book. Print it out and keep it handy because it makes for a great "cheat sheet" to use while selling, or just to refresh on what you've learned. Scroll up, click the "Buy" button now, learn the secrets of master closers, and use them to immediately improve your numbers!
