Vocabulary in Action - Vocabulary

WorkbooksWelcome to the NEW Vocabulary in Action, the premier vocabulary development program! With this comprehensive program, students study and learn hundreds of words that were researched and selected for frequency, occurrence, and relevance to the real world as well as standardized assessment. Consumable student books pair with online resources and teacher instruction to provide vocabulary instruction that is introduced, reinforced, and applied in engaging, systematic ways. The Vocabulary in Action workbook is designed to improve oral and written vocabulary through interactive vocabulary practice, giving students the gift of a larger and more descriptive vocabulary.

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine).

Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

This second edition of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching from first stages to GCSE. Completely revised and restructured in the light of a nationwide survey of Classics teachers, it provides an exciting, stimulating approach to Latin based on the reading of original texts. Parts I-III are built around a narrative detailing the life of Horace, based closely on historical sources, which helps students to develop an understanding of the times of Cicero and Augustus. Provides guidelines and examples for handling research, outlining, spelling, punctuation, formatting, and documentation.

'The fascinating and diverse descriptions contained in this text begin the process of developing indigenous understandings of music therapy in group work and alert the reader to issues for future exploration. A fascinating text, describing a range of clients - I highly recommend it.' - Nordic Journal of Music Therapy

Group music therapy has been widely practised for many years, especially within institutional settings, and features substantially in training, yet there has been no publication devoted to the discussion of this area of therapy. *Music Therapy and Group Work* fills this gap by bringing together the experiences of group music therapy practitioners who work with diverse client groups in various settings. Whilst acknowledging that the practice of group music therapy incorporates many theoretical and practical issues in common with those of mainstream group work, the editors emphasize that this field needs to develop some further theoretical discourse of its own, primarily because its main contrast from regular group work is that it draws on a non-verbal medium alongside the ordinary verbal exchange. The book combines clinical examples with theory to provide a comprehensive introduction to group music therapy. Practitioners not only of music therapy, but also those working in related disciplines, will find this to be an informative and stimulating read.

Vocabulary: Level A (3rd edition) introduces seventh graders to etymology as a means of determining the meanings of words. Students study Latin roots, prefixes, and suffixes to learn recognition of word families.

Students also study synonyms, antonyms, and homonyms as well as positive and negative context clues to determine word meaning. Level B continues the study of Latin word parts and presents new words in word families that share a prefix, root, or suffix. Level C concludes the special emphasis on Latin word parts and discusses the difference between denotative and connotative meaning. Expands the discovery of word meaning through context. - Publisher.

isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

Danny wishes his dad would come home from Nevada for Christmas and writes him a letter to tell him so. When snow cuts off the mail until spring, only postman John Thompson can get through the Sierra Nevada Mountains to deliver his letter.
