With the candid quirkiness of *Awkward Family Photos* and the confessional intimacy of *PostSecret*, Ransom Riggs's *Talking Pictures* is a haunting collection of antique found photographs—with evocative inscriptions that bring these lost personal moments to life—from the author of the New York Times bestselling illustrated novel *Miss Peregrine's Home for Peculiar Children*. Each image in *Talking Pictures* reveals a singular, frozen moment in a person's life, be it joyful, quiet, or steeped in sorrow. Yet the book's unique depth comes from the writing accompanying each photo: as with the caption revealing how one seemingly random snapshot of a dancing couple captured the first dance of their 40-year marriage, each successive inscription shines like a flashbulb illuminating a photograph's particular context and lighting up our connection to the past.

Lakshmi is the goddess of all that is good-wealth (dhana), beauty (saundarya) and happiness (sukha). As Vishnu's consort and in her incarnations as Sita and Rukmini, she represents the ideal of femininity in Hinduism. She is also Shri, the goddess of fertility and grain, and Mahalakshmi, the amalgam of the goddesses Kali, Lakshmi and Sarasvati. She is benevolent and generous, yet it takes surprisingly little to offend her. And when she leaves, her place is taken by Alakshmi, all that Lakshmi is not-poverty, pestilence and ill fortune. How did this popular and accessible goddess come to represent these qualities? R. Mahalakshmi presents an evocative picture of the mythical and historical development of the goddess Lakshmi. Using a range of sources, from ancient texts to sculptures and everyday religious customs and prayers, this fascinating and deeply-insightful book sheds new light not only on the figure of Lakshmi, but also on the fundamental tenets of Hinduism as it is practised today.

In 1970 a German-Austrian-Italian (South Tyrolean) team succeeded in climbing the Rupal Face of Nanga Parbat, a climb which heralded a new era in mountaineering on the world's highest peaks. But with success came controversy as the first climbers to reach the summit, two young South Tyrolean brothers, did not return to the top face camp but descended the other side, the Diamir side, of the mountain. Only one brother survived the ordeal: he was Reinhold Messner who went on to become the greatest, and best known, high-altitude climber in the world. His brother Gunther was lost on the mountain. Before descending the Diamir side Reinhold Messner held a shouted conversation with the members of the second pair of climbers heading for the summit. That conversation, the decision to descend the Diamir side, and the circumstances of Gunther Messner's death were to lead to controversy, claim and counter claim, and court cases. They were also to lead to bitterness between former team mates which continues to this day. This book explores the events of 1970, drawing on contemporary diaries and other records, on later interviews given by, and books written by, the team members, and on private conversations with some of the surviving team members. It draws heavily on the writings of Reinhold Messner who has published several accounts of the summit climb and the decisions which led to the descent of the Diamir side, accounts which have varied over the years, variations that suggest a story behind the story.
