

Wars Of The Roses The Real Game Of Thrones Very Short History Book 4

Explore the Captivating History of the Wars of the Roses! The Wars of the Roses were a complex set of battles, skirmishes, and kidnappings during the 15th century in England. They had their roots in the nearby Civil War of France, which greatly influenced English politics for years to come. Though there is no one universally-accepted start or end date for these wars, the major events throughout the wars occurred between 1455 and 1485. The central reason for the Wars of the Roses, otherwise referred to as the 15th century English Civil War, was a tug-of-war between two families for the throne of England. Though both families were in fact closely related, they had split half a century earlier. Instead of one unified Plantagenet family, the cousins became Lancasters and Yorks. While the Lancasters remained on the throne, the Yorks were overlooked in the succession of kings. The Yorks became jealous, given their equal relation to England's ancient monarchy, and when the Plantagenet-Lancaster dynasty appeared tragically weakened by the succession of Henry VI, the royal cousins took the opportunity to demand a new ruler. In *The Wars of the Roses: A Captivating Guide to the English Civil Wars That Brought down the Plantagenet Dynasty and Put the Tudors on the Throne*, you will discover topics such as *A Short History of the House of Plantagenet Civil War in France* *England's Loss and a King's Illness* *Treason by the Duke of York* *The Battle of Northampton* *Margaret's Army* *Mortimer's Cross* and *the Battle of Towton* *York Takes the Throne* *The King in the Tower* *The Kingmaker Repents* *The Battles of Barnet and Tewkesbury* *The Death of a King* *The Final Plantagenet Kings* *Richard III and the Princes in the Tower* *The Battle of Bosworth* *The Foundation of the Tudor Dynasty* *Attempts on the Tudor Throne* *The Sainthood and Cult of King Henry VI* *The Legacy of the Wars of the Roses* And much, much more! The brilliant retelling of the Wars of the Roses continues with *Margaret of Anjou*, the second gripping novel in the new series from historical fiction master Conn Iggulden. As traitors advance . . . a queen defends. It is 1454 and for more than a year King Henry VI has remained all but exiled in Windsor Castle, struck down by his illness, his eyes vacant, his mind blank. His fiercely loyal wife and queen, Margaret of Anjou, safeguards her husband's interests, hoping that her son Edward will one day come to know his father. With each month that Henry is all but absent as king, Richard, the duke of York, protector of the realm, extends his influence throughout the kingdom. A trinity of nobles--York and Salisbury and Warwick--are a formidable trio and together they seek to break the support of those who would raise their colors and their armies in the name of Henry and his queen. But when the king unexpectedly recovers his senses and returns to London to reclaim his throne, the balance of power is once again thrown into turmoil. The clash of the Houses of Lancaster and York may be the beginning of a war that could tear England apart . . . Following *Stormbird*, *Margaret of Anjou* is the second epic installment in master storyteller Conn Iggulden's new Wars of the Roses series. Fans of the *Game of Thrones* and the *Tudors* series will be gripped from the word "go."

The brilliant retelling of the Wars of the Roses continues with *Trinity*, the second gripping novel in the new series from historical fiction master, Conn Iggulden. 1454: King Henry VI has remained all but exiled in Windsor Castle, struck down by his illness for over a year, his eyes vacant, his mind a blank. His fiercely loyal wife and Queen, Margaret of Anjou, safeguards her husband's interests, hoping that her son Edward will one day know the love of his father. Richard Duke of York, Protector of the Realm, extends his influence throughout the kingdom with each month that Henry slumbers. The Earls of Salisbury and Warwick make up a formidable trinity with Richard, and together they seek to break the support of those who would raise their colours in the name of Henry and his Queen. But when the King unexpectedly

recovers his senses and returns to London to reclaim his throne, the balance of power is once again thrown into turmoil. The clash of the Houses of Lancaster and York will surely mean a war to tear England apart . . . Following on from Stormbird, Trinity is the second epic instalment in master storyteller Conn Iggulden's new Wars of the Roses series. Fans of Game of Thrones and The Tudors will be gripped from the word go. Praise for Stormbird: 'Pacey and juicy, and packed with action' Sunday Times 'Energetic, competent stuff; Iggulden knows his material and his audience' Independent 'A novel that seamlessly combines narrative, historical credence and great knowledge of the period' Daily Express 'A page-turning thriller' Mail on Sunday 'Superbly plotted and paced' The Times

The Wars of the Roses which took place in England during the 15th century have passed into folk-memory as bloody, vicious struggles for power, with the throne as the prize and ordinary people as the victims. William Shakespeare's propaganda for the Tudor dynasty played a great part in creating this legend. Yet the truth was rather more complex. Although power changed hands often, and sometimes with bewildering speed, English society in general was relatively stable, and prosperous. The Wars of the Roses represent a stage in the evolution of a British nation, emerging from the long shadow of medieval France that had lain over these islands since the Norman Conquest. This popular book covers the period beautifully.

A riveting account of the Wars of the Roses, focusing on the human side of the story. The war between the houses of Lancaster and York for the throne of England was characterized by treachery, deceit and, at St. Albans, Blore Hill and Towton, some of the bloodiest and most dramatic battles on England's soil. Between 1455 and 1487, the royal coffers were bankrupted and the conflict resulted in the downfall of the House of Lancaster and the House of York, and the emergence of the illustrious Tudor dynasty. Alison Weir's lucid and gripping account focuses on the human side of history, on the people and personalities involved in the conflict. At the centre of the book stands Henry VI, the pious king whose mental instability led to political chaos; Richard Plantagenet, Duke of York and Henry's rival; and most important of all, Margaret of Anjou, Henry's wife who took up arms in her husband's cause and battled for many years in a violent man's world.

The Wars of the Roses (c. 1455-1487) are renowned as an infamously savage and tangled slice of English history. A bloody thirty-year struggle between the dynastic houses of Lancaster and York, they embraced localised vendetta (such as the bitter northern feud between the Percies and Nevilles) as well as the formal clash of royalist and rebel armies at St Albans, Ludford Bridge, Mortimer's Cross, Towton, Tewkesbury and finally Bosworth, when the usurping Yorkist king, Richard III, was crushed by Henry Tudor. Powerful personalities dominate the period: the charismatic and enigmatic Richard III, immortalized by Shakespeare; the slippery Warwick, the Kingmaker', who finally over-reached ambition to be cut down at the Battle of Barnet; and guileful women like Elizabeth Woodville and Margaret of Anjou, who for a time ruled the kingdom in her husband's stead. David Grummitt places the violent events of this complex time in the wider context of fifteenth-century kingship and the development of English political culture. Never losing sight of the traumatic impact of war on the lives of those who either fought in or were touched by battle, this captivating new history will make compelling reading for students of the late medieval period and Tudor England, as well as for general readers.

'Iggulden is in a class of his own when it comes to epic historical fiction' Daily Mirror

"The fifteenth century experienced the longest and bloodiest series of civil wars in British history. The crown of England changed hands violently seven times as the great families of England fought to the death for power, majesty and the right to rule. Dan Jones describes how the Plantagenets tore themselves apart and were finally replaced by the Tudors."--Publisher

description.

Frequently remembered only as a period of military history which both saw the French beat the English and then the English fight amongst themselves, traditional historians have tended to regard The Wars of the Roses as an episode that wrecked England's military greatness. John Gillingham's highly readable history separates the myth from the reality. He argues that, paradoxically, the Wars of the Roses demonstrate how peaceful England in fact was. From the accession of the infant Henry VI to the thrones of England and France in 1422 to the accession of Henry VII following the Battle of Bosworth in 1485, Gillingham uses his gift for graphic description (particularly with his exciting account of the 1471 campaign) to great effect. He is also good at placing the warfare within its European context, especially in showing the problems encountered in conducting a civil war within a normally peaceful country. The Wars of the Roses is an irresistible account of a fascinating period of history that makes available to a much wider audience the work of historians of recent decades. Praise for John Gillingham 'Incisively written and highly readable' - Sunday Times John Gillingham is Emeritus Professor of Medieval History at the London School of Economics and Political Science. On 19 July 2007 he was elected into the Fellowship of the British Academy. He is renowned as an expert on the Angevin empire. His other titles include *Oliver Cromwell: Portrait of a Soldier*.

A concise and entertaining study of the vicious wars between the English noble houses of York and Lancaster during the 15th century. The vicious wars between the English noble houses of York and Lancaster marked the end of medieval England and the birth of the Renaissance.

The end of that thirty-year period of strife and bloodshed saw the collapse of the great Plantagenet dynasty, rulers of all England and much of France for over three hundred years, and the rise of the Tudors. All the characters are here: Henry V and his luckless son, Henry VI, together with his unfortunate uncles, John of Bedford and Humphrey of Gloucester, not to mention the notorious Richard III and his nephews - The Princes in the Tower. Neillands skilfully tackles this complex period providing a clear and entertaining analysis.

King Henry V - the great Lion of England - is long dead. In 1437 his gentle son comes of age and takes the throne. Frail in body and mind, King Henry VI is dependent on his supporters to run his kingdom. Richard, Duke of York, however, believes that without a strong king England will fall.

The first major study of the role of the castle in the Wars of the Roses. The Wars of the Roses is one of the most dramatic and fascinating periods in medieval history. Much has been written about the leading personalities, bitter dynastic rivalries, political intrigues, and the rapid change of fortune on the battlefields of England and Wales. However, there is one aspect that has been often overlooked, the role of castles in the conflict. Dan Spencer's original study traces their use from the outbreak of civil war in the reign of Henry VI in the 1450s to the triumph of Henry VII some thirty years later. Using a wide range of narrative, architectural, financial and administrative sources, he sheds new light on the place of castles within the conflict, demonstrating their importance as strategic and logistical centers, bases for marshaling troops, and as fortresses Dan Spencer's book provides a fascinating contribution to the literature on the Wars of the Roses and to the study of siege warfare in the Middle Ages.

The Wars of the Roses was a complicated, bloody affair between the houses of Lancaster and York, and witnessed much changing of sides. That disjointed feuding persisted for a staggering thirty years and was a north versus south affair. However, the period and conflicts covered by this title are refreshingly clear. An intriguing tale of treachery and deceit.

It was the period when the French beat the English and the English fought among themselves. Traditional historians have glossed over it, considering it the time that wrecked Britain's military greatness. But Gillingham elegantly separates myth from reality, arguing that, paradoxically, the wars actually proved how peaceful the country was. His gifted graphic description makes this exciting and dramatic throughout. "Incisively written and highly readable."—Sunday Times.

“Gillingham informs us...with such verve, with and intelligence that we are left dazzled and delighted.”—History.

The Wars of the Roses is one of the most dramatic and fascinating periods in medieval history. Much has been written about the leading personalities, bitter dynastic rivalries, political intrigues, and the rapid change of fortune on the battlefields of England and Wales. However, there is one aspect that has been often overlooked, the role of castles in the conflict. Dan Spencer's original study traces their use from the outbreak of civil war in the reign of Henry VI in the 1450s to the triumph of Henry VII some thirty years later. Using a wide range of narrative, architectural, financial and administrative sources, he sheds new light on the place of castles within the conflict, demonstrating their importance as strategic and logistical centres, bases for marshalling troops, and as fortresses. Dan Spencer's book provides a fascinating contribution to the literature on the Wars of the Roses and to the study of siege warfare in the Middle Ages.

“Westeros is probably closer to medieval Britain than anything else.” George R.R. Martin, creator of Game of Thrones Kings who were insane, infant or imprisoned; feuding families, disputed successions and monarchs executing their brothers; exiled nobles, war with France and enemies forced to unite against a common foe – the history of the Wars of the Roses is so filled with drama that it feels like fiction. In fact, it has inspired fiction. As Game of Thrones author George R.R. Martin said: “I’ve drawn on many parts of history, but the Wars of the Roses is probably the one A Song Of Ice and Fire is closest to.” Telling the story of the fifteenth century wars between Lancastrians and Yorkists, The Wars of the Roses follows the course of the conflict from the succession of infant King Henry VI right through to the defeat of rebellions under Henry VII. Its protagonists were twisted by their conflicting loyalties of blood, marriage and, above all, ambition. From mad Henry VI captured in battle to the mystery of the ‘Princes in the Tower’ and the truth behind Richard III’s deformity, the book is a lively account of more than 30 tumultuous years. Illustrated with more than 200 colour and black-and-white photographs, artworks and maps, The Wars of the Roses reveals the scheming and betrayal, the skullduggery and murder behind the struggle to gain power – and then hold on to it.

Much myth and fantasy surrounds the events of the Wars of the Roses (1455-1485): a bloody and prolonged dynastic struggle between the houses of York and Lancaster. Terence Wise's fascinating text lays bare the real story, and examines the armies, liveries and badges of the conflict. The author's readable account provides a comprehensive guide as to who fought whom, where, when, why and for what, from the origins of the Wars to such famous battles as Tewkesbury and Bosworth. The accompanying photographs, illustrations and colour plates by Gerry Embleton clearly detail the arms, armor and standards of the time.

It was no small act of heroism to which the boy made up his mind in those few moments. Those were lawless days, and human life was held very cheap. The band of fierce men who had believed they were carrying off a prince, would think nothing of running him through with their swords when they discovered how they had been tricked, and that by a mere child. Paul set his teeth hard and braced himself up for the task he had set himself. He knew his peril he realized it too; but he was a soldier's son, and had he not said he would live and die for the prince? Would he ever be worthy of the knighthood every lad looked forward to as the goal of his ambition, if he shrank now from the task he had set himself? Hardly had that resolution been taken before there sprang out from the thick underwood two or three fierce-looking men, armed to the teeth.

"Westeros is probably closer to medieval Britain than anything else." - George R.R. Martin, creator of Game of Thrones. Kings who were insane or imprisoned; feuding families, disputed successions and monarchs executing their brothers; exiled nobles- the history of the Wars of the Roses is so filled with drama that it feels like fiction. In fact, it

The Wars of the Roses The Fall of the Plantagenets and the Rise of the Tudors Penguin This authoritative A–Z encyclopedia of the Wars of the Roses provides accurate and concise descriptions of the major battles and events and the principal historical figures and issues involved. * More than 275 entries and over 40 illustrations * A map of the Wars of the Roses battle sites * Guide to related topics, chronology, and genealogies * Table showing the involvement of the higher peerage in the Wars of the Roses * List of Popes and English church leaders in the 15th century * List of selected websites for 15th century topics

Romancing Treason focuses on late medieval English literature written during the Wars of the Roses. It analyses this period's canonical text, Malory's *Morte Darthur*, alongside lesser-known contemporary texts of the same genre of prose romance, and in connection with non-literary texts such as chronicles, letters, political verses, and parliamentary attainders. Concentrating on the theme of treason that is a shared concern across all of these texts, this book relates the secular English literature of the mid-to-late fifteenth century to the crises and civil war of the time, arguing that this is a literary culture that insistently engages with the problems of contemporary England. This book suggests the idea of a literature of the Wars of the Roses as a way of understanding an understudied period, helping to contextualise both the literary achievements that came before - with Chaucer, the Gawain-poet, and Lydgate - and the Tudor or early modern literature that followed.

The author of the New York Times bestseller *The Plantagenets and The Templars* chronicles the next chapter in British history—the historical backdrop for *Game of Thrones* The inspiration for the Channel 5 series *Britain's Bloody Crown* The crown of England changed hands five times over the course of the fifteenth century, as two branches of the Plantagenet dynasty fought to the death for the right to rule. In this riveting follow-up to *The Plantagenets*, celebrated historian Dan Jones describes how the longest-reigning British royal family tore itself apart until it was finally replaced by the Tudors. Some of the greatest heroes and villains of history were thrown together in these turbulent times, from Joan of Arc to Henry V, whose victory at Agincourt marked the high point of the medieval monarchy, and Richard III, who murdered his own nephews in a desperate bid to secure his stolen crown. This was a period when headstrong queens and consorts seized power and bent men to their will. With vivid descriptions of the battles of Towton and Bosworth, where the last Plantagenet king was slain, this dramatic narrative history revels in bedlam and intrigue. It also offers a long-overdue corrective to Tudor propaganda, dismantling their self-serving account of what they called the Wars of the Roses.

The Wars of the Roses raged from 1455 to 1485 - the longest period of civil war in English history. They barely affected the daily routine of the civilian population, yet for the leaders of the opposing houses of York and Lancaster, the wars were devastating. First hand accounts reveal how the lives of their women and children were blighted during three decades of war, as many of their male relatives met with violent deaths.

Online Library Wars Of The Roses The Real Game Of Thrones Very Short History Book 4

This book examines in detail the causes, course and results of each of the main wars and concludes with a fascinating insight into why the wars ended so abruptly.

The New York Times bestseller, from the author of *Powers and Thrones*, that tells the story of Britain's greatest and worst dynasty—"a real-life Game of Thrones" (*The Wall Street Journal*) The first Plantagenet kings inherited a blood-soaked realm from the Normans and transformed it into an empire that stretched at its peak from Scotland to Jerusalem. In this epic narrative history of courage, treachery, ambition, and deception, Dan Jones resurrects the unruly royal dynasty that preceded the Tudors. They produced England's best and worst kings: Henry II and his wife Eleanor of Aquitaine, twice a queen and the most famous woman in Christendom; their son Richard the Lionheart, who fought Saladin in the Third Crusade; and his conniving brother King John, who was forced to grant his people new rights under the Magna Carta, the basis for our own bill of rights. Combining the latest academic research with a gift for storytelling, Jones vividly recreates the great battles of Bannockburn, Crécy, and Sluys and reveals how the maligned kings Edward II and Richard II met their downfalls. This is the era of chivalry and the Black Death, the Knights Templar, the founding of parliament, and the Hundred Years' War, when England's national identity was forged by the sword.

THE WARS OF THE ROSES is the definitive account of one of the bloodiest episodes in British history - wars between the houses of York and Lancaster. Trevor Royle provides a military history of the Wars while placing the conflict in the context of the time. This was a period with a rich legacy: William Caxton introduced the art of printing; there was a growing body of literature, such as Chaucer, in the English tongue; architecture flourished and great educational institutions were born such as Winchester School and King's College, Cambridge.

In this new edition of *The Wars of the Roses*, A.J. Pollard has incorporated new research and consideration of the debates which have emerged from the first edition. The Wars of the Roses, which tore apart the ruling Plantagenet family in fifteenth-century England, was truly a domestic drama, as fraught and intimate as any family feud before or since. But as acclaimed historian Sarah Gristwood reveals, while the events of this turbulent time are usually described in terms of the men who fought and died seeking the throne, a handful of powerful women would prove just as decisive as their kinfolks' clashing armies. A richly drawn, absorbing epic, *Blood Sisters* reveals how women helped to end the Wars of the Roses, paving the way for the Tudor age—and the creation of modern England.

Explores the events of the Wars of the Roses through the eyes of the key players. Discover the personalities behind the fight for the throne.

John Ashdown-Hill, whose research was instrumental in the discovery of Richard III's remains, offers a meticulous and engaging insight into the famous Wars of the Roses. Witness the rise of the Tudor dynasty—in this concluding volume to Conn Iggulden's vigorous and commanding retelling of the Wars of the Roses. England, 1470. A divided kingdom cannot stand. King Edward of York has been driven out of England. Queen Elizabeth and her children tremble in sanctuary at Westminster Abbey. The House of Lancaster has won the crown, but York will not go quietly. Desperate to reclaim his throne, Edward lands at Ravenspur with a half-drowned army and his brother Richard at his side. Every hand is against them, every city gate is shut, yet the brothers York go

Online Library Wars Of The Roses The Real Game Of Thrones Very Short History Book 4

on the attack. But neither sees that their true enemy is Henry Tudor, now grown into a man. As the Red Dragon—"the man of destiny"—his claim to the throne leads to Bosworth Field and a battle that will bring an end to the Wars of the Roses . . . This fascinating account of an unsung English monarch and military leader is "a pleasing and well-informed appraisal of the first Yorkist king" (Dr. Michael Jones, author of *Bosworth 1485: Psychology of a Battle*). Indisputably the most effective general of the Wars of the Roses in fifteenth-century England, King Edward IV died in his bed, undefeated in battle. Yet he has never been accorded the martial reputation of other English warrior kings such as Henry V. It has been suggested that perhaps he lacked the personal discipline expected of a truly great army commander. But, as the author shows in this perceptive and highly readable new study, Edward was a formidable military leader whose strengths and subtleties have never been fully recognized—perhaps because he fought most of his battles against his own people in a civil war. This reassessment of Edward's military skill—and of the Wars of the Roses in which he played such a vital part—provides fascinating insight into Edward the man as well as the politician and battlefield commander. Based on contemporary sources and the latest scholarly research, *Edward IV and the Wars of the Roses* stands as "a valuable and thought-provoking addition to the canon, which ought to become required reading for anyone interested in the reign of the first Yorkist monarch" (*The Ricardian*). "The Wars of the Roses were a series of dynastic wars fought between supporters of two rival branches of the royal House of Plantagenet: the houses of Lancaster and York (whose heraldic symbols were the red and the white rose, respectively) for the throne of England. They were fought in several sporadic episodes between 1455 and 1485, although there was related fighting both before and after this period. They resulted from the social and financial troubles following the Hundred Years' War. The final victory went to a relatively remote Lancastrian claimant, Henry Tudor, who defeated the last Yorkist king Richard III and married Edward IV's daughter Elizabeth of York to unite the two houses. The House of Tudor subsequently ruled England and Wales for 117 years."--Wikipedia.

Each of these lavishly illustrated books serves up a brief and manageable portion of the Fraser-edited and much-touted *Lives of the Kings and Queens of England*. A set of six jewels for Fraser's crown.

This book presents a truly coherent account of the Wars of the Roses.

The brilliant retelling of the Wars of the Roses continues with *Bloodline*, the gripping third novel in the new series from historical fiction master Conn Iggulden. *Winter 1461*: Richard, duke of York, is dead--his ambitions in ruins, his head spiked on the walls of the city. King Henry VI is still held prisoner. His Lancastrian queen, Margaret of Anjou, rides south with an army of victorious northerners, accompanied by painted warriors from the Scottish Highlands. With the death of York, Margaret and her army seem unstoppable. Yet in killing the father, Margaret has unleashed the sons. Edward of March, now duke of York, proclaims himself England's rightful king. Factions form and tear apart as snow falls. Through blood and treason, through broken men and vengeful women, brother shall confront brother, king shall face king. Two men can always claim a crown--but only one can keep it. Following Margaret of Anjou, *Bloodline* is the third epic installment in master storyteller Conn Iggulden's new Wars of the Roses series. Fans of the *Game of Thrones* and the *Tudors* series will be gripped from the word "go."

Online Library Wars Of The Roses The Real Game Of Thrones Very Short History Book 4

From the Hardcover edition.

The Wars of the Roses (1455–85) were a major turning point in English history. But the underlying causes for the successive upheavals have been hotly contested by historians ever since. In this original and stimulating new synthesis, distinguished historian Michael Hicks examines the difficult economic, military, and financial crises and explains, for the first time, the real reasons why the Wars of the Roses began, why they kept recurring, and why, eventually, they ceased. Alongside fresh assessments of key personalities, Hicks sheds new light on the significance of the involvement of the people in politics, the intervention of foreign powers in English affairs, and a fifteenth-century credit crunch. Combining a meticulous dissection of competing dynamics with a clear account of the course of events, this is a definitive and indispensable history of a compelling, complex period.

Henry VI (1422-61), a man 'more given to God and devout prayer than handling worldly and temporal things', was the third, and least successful, Lancastrian king of England; his wife Margaret of Anjou, 'a great and strong laboured woman', became a formidable political force in her own right; and the Wars of the Roses, so dramatically portrayed by William Shakespeare as bloody dynastic struggles fought for the possession of the crown, brought the usurpation of Edward IV (1461-83), the humiliation and exile of Margaret of Anjou, and the murder of her husband in the Tower of London. Combining a framework of interpretation and a rich selection of passages from contemporary and near-contemporary sources, this compilation enables readers to appreciate just why the rule of Henry VI resulted in the outbreak of the Wars of the Roses, what these internecine conflicts were like, and how they culminated in the end of the House of Lancaster. Keith Dockray was formerly Senior Lecturer in Medieval and Early Modern History at the University of Huddersfield. This volume, following in the footsteps of his *Edward IV: From Contemporary Chronicles, Letters and Records* (2015) and *Richard III: From Contemporary Chronicles, Letters and Records* (2013) completes a trilogy of source readers covering English kings, politics and war circa 1450 to 1485
