When Superman battles Solaris, he finds his invulnerable body pushed beyond its limits and must prepare Earth for a future without him.

They are the world's gravest super-villains: Ultraman, Owlman, Superwoman, Power Ring and Johnny Quick—the legendary Crime Syndicate of Amerika. Nothing has ever seriously threatened the global corruption they proudly enforce, but now a twisted mirror image of the CSA has arrived from the flip side of reality. Can anything stop this so-called 'Justice League,' or will the stable, perfect evil of Earth 2 fall victim to the tyranny of law, righteousness and freedom? "Sometimes even Superman finds a task almost impossible. Sometimes even the Last Son of Krypton needs to enlist help. Some tasks require methods and heroes that don't scream "Justice League." So Clark Kent, the Metropolis Marvel, seeks out Manchester Black, the most dastardly of rogues, to form an all-new Authority tasked with taking care of some business on the sly. Not only will Black know the right candidates for the team, but if Superman can make him behave himself and act in service of the greater good, then he'll prove literally anyone can be a hero! They'll have to move quickly, however, as one of Superman's most dangerous villains has his own plans and his own team."--

With a family to support, Buddy is torn between traditional superheroics and getting involved in the legally grey world of animal rights activism.
