Welcome To The GRIND starts by taking a peek into my unique experiences with Tom Herman, Head Football Coach at The University of Texas. *Welcome To The GRIND* requires individuals to develop a grit mindset; pay attention to the little things; align goals with winning strategies. At the start of the book, we will examine Coach Herman's dynamic and humble winning formula for "maximizing human talent." {Relationships x Process}=Exponential Results The remainder of *Welcome To The GRIND* provides a demographically diverse range of testimony from K-12 educators and advocates. These authentic best practices hail directly from nationally recognized superintendents, elite classroom teachers, and nationally acclaimed community advocates. These practitioners share great experiences that occurred in their respective Appalachian, Urban, and Suburban school districts. *Welcome To The GRIND* will examine the key concepts of what it takes to be considered elite at your craft. The GRIND manifests itself in elite results, which require attainable processes coupled with strong personal relationships. The book will examine: 1. Empowering people, building leadership capacity, and cultivating strong personal relationships. 2. Increasing academic outcomes for ALL. 3. Use of technology in the classroom. 4. The application of strategies for robust community engagement. *Welcome To The GRIND* details what K-12 EDUCATORS believe works and how winning for students does not happen in one defining moment. Winning occurs when we make a bold choice to improve. This bold choice comes to us every day, often taking place multiple

times per day. Welcome To The GRIND provides critical strategies for educators, to move forward and beyond the comfort of the moment. Welcome To The GRIND documents how K-12 schools and educators can take their system in the direction that they envision. Organizations that focus on developing sustainable and exponential results require a keen focus on these three steps: 1. The personalized growth of people. 2. Excitement and energy for the organization's vision. 3. Live the mission on a daily basis. Welcome To The GRIND is a great book for schools, as they examine their instructional practices and organizational culture. The learning comes from the discussions and plans created by educators. This book helps coaches develop strategies to qualify their students for college athletics and life. Community advocates working with schools can use Welcome To The GRIND as a guide for discussion and planning. School districts can use this book to ignite their strategic plan of action. Parents can use this book to expand their knowledge about the K-12 system. Everyone is accountable; hence, Welcome To The GRIND!

Based in part on a 100-year-old family journal, Rosemary Wells brings to life a story that the diary's fragile pages tell. It's the story of a wooden rocking chair handmade in about 1825 by her great-great-grandfather, an immigrant Jewish boy who made his way to America from Germany in the early 1800s. In 1807, Sam Siegbert is born in southern Germany. Sam's favorite pastime is carpentry, much to his father's displeasure. His mother says he has a gift from God in his hands. After moving to America, he builds a wooden chair with the word WILLKOMMEN on the back. The chair's back panel was later marked with welcomes by four generations of the family in four different languages. After the family lost track of the old chair, the author created a new life for it among new owners from other corners of the world. All the families who loved the chair came to America, escaping religious conformity, natural disasters, tyrannies, war, and superstition. In its lifetime, the rocking chair, with its earliest word WILLKOMMEN, stood for openness, hospitality, and acceptance to all who owned it or rocked safely in its embrace.

A vibrant, edgy, fresh new YA voice for fans of *More Happy Than Not* and *Simon vs. the Homo Sapiens Agenda*, packed with interior graffiti. Winner of the Schneider Family Book Award! When Julia finds a slur about her best friend scrawled across the back of the Kingston School for the Deaf, she covers it up with a beautiful (albeit illegal) graffiti mural. Her supposed best friend snitches, the principal expels her, and her two mothers set Julia up with a one-way ticket to a “mainstream” school in the suburbs, where she’s treated like an outcast as the only deaf student. The last thing she has left is her art, and not even Banksy himself could convince her to give that up. Out in the ‘burbs, Julia paints anywhere she can, eager to claim some turf of her own. But Julia soon learns that she might not be the only vandal in town. Someone is adding to her tags, making them better, showing off—and showing Julia up in the process. She expected her art might get painted over by cops. But she never imagined getting dragged into a full-blown graffiti war. Told with wit and grit by debut author Whitney Gardner, who also provides gorgeous interior illustrations of Julia’s graffiti tags, *You’re Welcome, Universe* introduces audiences to a one-of-a-kind protagonist who is unabashedly herself no matter what life throws in her way. “[A] spectacular debut...a moving, beautifully written contemporary novel full of quirky art and complicated friendships...this book is a gift to be thankful for.”—BookRiot
