country of various religions, festivals, languages, and the most hard-working youth of the world. Ironically, without judging, everybody is biblically guiltless. Regrettably, conspiracy and disorderly pressure from community is tarnishing lives of the young generation. Some children are victims of decisions made by parents and it has affected their lives though with some it is by own choice and peer pressure from bully friends. The

devil is also gravely flirting with teenagers corrupting their mindset through social media especially internet. Teenage pregnancy, drugs, magazines and bullying the innocent is the devils work because teenagers of today are the witnesses of coming of Christ. Knife and gun gangs are roaming the world streets at an unprecedented rate and fear of muggers is tormenting and crippling the society 24/7. Some single parents blame their status because of the behaviour of their children. Some couples are also failing to control their teenage children. As a result, the Victorian times of high opinion of elders is now regarded as a thing of the ancient. Parents are neglecting their children because of parenting ineffectiveness and at times out of fear. Presumably, lacking of common ground with teenage children is a grey area impediment. As a parent, I urge all parents by the love of Christ to amalgamate and save the young generation from the spineless world for today is their tomorrow. Truthfully, only the incorruptible Spirit of God can regenerate the bruised inner being of the deprived teenagers that is if their passion is Christ-like. The same Spirit moulds parents to be real models to youths. Every day is a learning curve. No one is perfect and learning does not end. Parents should not blame themselves or the children for bad behaviour though there is always a cause. They should leave no stone unturned and find the root cause first.

This is the reason that we're witnessing the explosion of the phenomenal trend called the "selfie." Fascinated by the common response, "I'm not photogenic" to photos of themselves—even by clients internationally renowned for their beauty—photographer Pina Di Cola discovered a breakthrough in self-image: the theory of the Photo-Image. Pairing her thirty years of experience as a celebrity photographer with in-depth research in the fields of neurology, psychology, and sociology, she discovered how essential truly seeing ourselves is to living a full life.
