A workbook to help children deal with feelings about serious illness. An excellent resource for helping children learn the basic concepts of illness and various age-appropriate ways of coping with someone else's illness.

"Children who have experienced a loss need some very basic things: a safe place to be themselves, safe people to be with, opportunities to play, listening ears, and lots of hugs. This coloring book is designed for approximate ages of 3 to 8 in a format that encourages parents and children to sit together, fill in the information, and share some special time and feelings."--Inside cover.

A special fiftieth anniversary edition of Kurt Vonnegut's masterpiece, "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist *The Yellow Birds* Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." Fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal

of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. "Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement."—The Boston Globe

Children and teenagers with autism can struggle to cope with the loss of a loved one, and the complicated and painful emotions of bereavement. This book explains death in concrete terms that the child with autism will understand, explores feelings that the child may encounter as a part of bereavement, and offers creative and expressive activities that facilitate healing. With illustrations throughout, this interactive book begins with a simple story about what happens when people die. Each chapter then expands on the issues that have been raised in the story and offers a variety of coping skills exercises including writing, art and craft, cooking, movement, relaxation, and remembrance activities. Encouraging children with autism to express their loss through discussion, personal reflection, and creative activity, the book is ideal for children and teens to work through by themselves, or with the support of a family member or professional.

A practical format for allowing children to understand the concept of death and develop coping skills for life, this book is designed for young readers to illustrate.

In this groundbreaking new work, David Kessler—an expert on grief and the coauthor with Elisabeth Kübler-Ross of the iconic *On Grief and Grieving*—journeys beyond the classic five stages to discover a sixth stage: meaning. In 1969, Elisabeth Kübler-Ross first identified the stages of dying in her transformative book *On Death and Dying*.

Decades later, she and David Kessler wrote the classic *On Grief and Grieving*, introducing the stages of grief with the same transformative pragmatism and compassion. Now, based on hard-earned personal experiences, as well as knowledge and wisdom earned through decades of work with the grieving, Kessler introduces a critical sixth stage. Many people look for "closure" after a loss. Kessler argues that it's finding meaning beyond the stages of grief most of us are familiar with—denial, anger, bargaining, depression, and acceptance—that can transform grief into a more peaceful and hopeful experience. In this book, Kessler gives readers a roadmap to remembering those who have died with more love than pain; he shows us how to move forward in a way that honors our loved ones. Kessler's insight is both professional and intensely personal. His journey with grief began when, as a child, he witnessed a mass shooting at the same time his mother was dying. For most of his life, Kessler taught physicians, nurses, counselors, police, and first responders about end of life, trauma, and grief, as

well as leading talks and retreats for those experiencing grief. Despite his knowledge, his life was upended by the sudden death of his twenty-one-year-old son. How does the grief expert handle such a tragic loss? He knew he had to find a way through this unexpected, devastating loss, a way that would honor his son. That, ultimately, was the sixth state of grief—meaning. In *Finding Meaning*, Kessler shares the insights, collective wisdom, and powerful tools that will help those experiencing loss. *Finding Meaning* is a necessary addition to grief literature and a vital guide to healing from tremendous loss. This is an inspiring, deeply intelligent must-read for anyone looking to journey away from suffering, through loss, and towards meaning.

Angrboda's story begins where most witch's tales end: with a burning. A punishment from Odin for refusing to give him knowledge of the future, the fire leaves Angrboda injured and powerless, and she flees into a remote forest. There she is found by a man Loki, and her initial distrust grows into a deep and abiding love. Their union produces three unusual children, each with a secret destiny, who she is keen to raise at the hidden from Odin's all-seeing eye. But as Angrboda slowly recovers her prophetic powers, she learns that her blissful life - and possibly all of existence - is in danger. An art therapy and activity book for children coping with death. Sensitive exercises address all the questions children may have during this emotional and troubling crisis. Children are encouraged to express in pictures what they are often incapable of expressing in words.

Trevor Romain knows, because it happened to him when his father died. This book can help you through a painful time. Trevor answers questions you might wonder about--"Why do people have to die?" "Is the death my fault?" "What happens to the person's body?" "How can I say good-bye?"--in simple, honest words. He describes the strong, confusing feelings you might have and suggests ways to feel better. He tells you it's okay to cry, talk about the death, grieve ... and go on with your life.

A workbook to help children work out feelings about death. Heegaard provides a practical format for allowing children to understand the concept of death and develop coping skills for life. Children, with the supervision of an adult, are invited to illustrate and personalise their loss through art. *When Someone Very Special Dies* encourages the child to identify support systems and personal strengths.

This guide offers suggestions for developing grief support groups and directions for using art to help children ages 6-12 individually or in groups cope with loss and change. Curricula are provided to use with the four workbooks in the series: 'When Someone Very Special Dies', 'When Something Terrible Happens', 'When Mom and Dad Separate', and 'When Someone Has a Very Serious Illness'.

From best-selling and beloved author Christne Harder Tangvald comes an updated and revised edition of her classic book of comfort for grieving children, filled with heart-healing words, fresh watercolor illustrations, and practical resources that help adults guide children through loss. First published in 1988, *Someone I Love Died* has long comforted the hearts of children 4 to 8 who have lost someone close. It gently leads children through grief with age-appropriate words and solid biblical truth that understands a child's hurting heart. The added interactive resources ensure this book will become a treasured keepsake. Once complete, children create a memory book of the loved one's life. And it offers grown-ups a tool that turns what could be a difficult season into a meaningful time of healing.

Every president has had a unique and complicated relationship with the intelligence community. While some have been coolly distant, even adversarial, others have found their intelligence agencies to be among the most valuable instruments of policy and power. Since John F. Kennedy's presidency, this relationship has been distilled into a personalized daily

report: a short summary of what the intelligence apparatus considers the most crucial information for the president to know that day about global threats and opportunities. This top-secret document is known as the President's Daily Brief, or, within national security circles, simply "the Book." Presidents have spent anywhere from a few moments (Richard Nixon) to a healthy part of their day (George W. Bush) consumed by its contents; some (Bill Clinton and George H. W. Bush) consider it far and away the most important document they saw on a regular basis while commander in chief. The details of most PDBs are highly classified, and will remain so for many years. But the process by which the intelligence community develops and presents the Book is a fascinating look into the operation of power at the highest levels. David Priess, a former intelligence officer and daily briefer, has interviewed every living president and vice president as well as more than one hundred others intimately involved with the production and delivery of the president's book of secrets. He offers an unprecedented window into the decision making of every president from Kennedy to Obama, with many character-rich stories revealed here for the first time.

An art therapy book for children who exhibit behavioural problems. Children will learn the consequences of their actions, how their misbehaviour affects others, how to develop better judgement skills, and much more.

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

For children, who are "new" at so many things, it can be a very difficult experience to lose a loved one. For the very young, the finality of death is hard to understand. How, after all, could something like this happen? Where is this person? Will they be back? Who is going to take care of me now? The questions and the sadness, whether they are voiced or not, can go on and on. Author, Linus Mundy, offers practical coping skills to help young readers understand their feelings of grief and reassurance that, some way, somehow, things can be good again. From Molly Potter, best-selling author of *How Are You Feeling Today?* and *What's Worrying You?*, comes a picture book for starting conversations with children about death, bereavement and what happens next. When someone dies, we can feel a whole host of different emotions and explaining them to a child isn't so easy. This book uses clear, easy-to-understand language to answer complex questions about death and how a child might feel when someone dies. It covers all manner of tricky subjects with sensitivity and honesty, from what death is to why people die. Each double page spread takes a child through how they might feel, what they might think and how they might behave. With engaging illustrations, gentle guidance and simple advice for parents and carers, *Let's Talk About When Someone Dies* fulfils an important but difficult need for starting conversations with children about death and bereavement, in an accessible and supportive way.

What Does Dead Mean? is a beautifully illustrated book that guides children gently through 17 of the 'big' questions they often ask about death and dying. Questions such as 'Is being dead like sleeping?', 'Why do people have to die?' and 'Where do dead people go?' are answered simply, truthfully and clearly to help adults explain to children what happens when someone dies. Prompts encourage children to explore the

concepts by talking about, drawing or painting what they think or feel about the questions and answers. Suitable for children aged 4+, this is an ideal book for parents and carers to read with their children, as well as teachers, therapists and counsellors working with young children.

"[Jason Pargin] has updated the Lovecraft tradition and infused it with humor that rather than lessening the horror, increases it dramatically. Every time I set the book down down, I was wary that something really was afoot, that there were creatures I couldn't see, and that because I suspected this, I was next. Engaging, comic, and terrifying." —Joe Garden, Features Editor, The Onion "[Pargin] is like a mash-up of Douglass Adams and Stephen King... 'page-turner' is an understatement." —Don Coscarelli, director, Phantasm I-V, Bubba Ho-tep "That rarest of things--a genuinely scary story." —David Wellington, author of Monster Island, Vampire Zero "JOHN DIES AT THE END has a cult following for a reason: it's horrific, thought-provoking, and hilarious all at once. This is one of the most entertaining and addictive novels I've ever read." —Jacob Kier, Publisher, Permuted Press STOP. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

The death of a family member or friend has a lasting impact on the lives of children. Often, families are at a loss as to how to talk to their children about death, and how to engage them in end of life rituals. "When Someone Dies" is an activity book for children that also provides valuable information to parents and caregivers about how grief impacts children, and offers guidance about how adults can connect with children on the very difficult subjects of death, dying, and bereavement.

Losing a grandparent is often a child's first experience with grief. The ordeal can be as bewildering as it is painful. Explaining what happens from a child's-eye view, the little elves in this book depict the difficult days before, after, and beyond a grandparent's death. They explore the meaning of death and heaven, as well as how to stay close in spirit with a grandparent who has died. With ideas for action and questions for discussion, this creative guide will help you help your grieving child to create comforting memories and find closure.

When a loved one dies, children are faced with a kaleidoscope of feelings, thoughts, and questions. Struggling with these issues can be overwhelming without guidance, support, and creative forms of expression. This bereavement book contains simple, effective activities to help children and parents communicate about death and the grieving process. Through these activities, children will learn how to grow and thrive after the loss of a loved one.
