

Who Was Johnny Appleseed

Johnny Appleseed was an important historical figure, well known for planting apple orchards across the new frontier. But he was also a master storyteller! In his own folksy voice, Johnny Appleseed tells his story to a couple of entranced children in this fictionalized Step 2 title. Readers learn how he started planting apple trees—and about some of the myths and true stories of his life.

Introduces the planet Earth, including its orbit, geology, oceans, atmosphere, weather, and inhabitants.

John Chapman, aka Johnny Appleseed, made himself the stuff of legend by spreading the seeds of apple trees from Pennsylvania to Indiana. Along with that, he offered the seeds of nonviolence and vegetarianism, good relationships with Native Americans, and peace among the settlers. He was one of the New World's earliest followers of the Swedish theologian Emanuel Swedenborg. The story of John Chapman operates as a counter-narrative to the glorification of violence, conquest, and prevailing notions of how the West was Won. It differentiates between the history and the half-myths of Johnny Appleseed's life and work: His apples, for instance, were prized for many reasons, but none more so than for the making of hard cider. He was also a real estate speculator of sorts, purchasing potentially fertile but unproven acres and then planting saplings before flipping the land. Yet, he had less interest in financial gain—and yes, this is an accurate part of the mythology—than in spreading visions of peace and love. Johnny Appleseed brings this quintessentially American story to life in comics form.

When a giant cockroach named Max escapes from their mother's bug laboratory, Leo and his brother receive help from a mysterious stranger who advises them to think like a

bug in order to recapture the runaway roach.

Relates the story of the man who traveled west planting apple seeds to make the country a better place to live.

Johnny Appleseed and the American Orchard illuminates the meaning of Johnny "Appleseed" Chapman's life and the environmental and cultural significance of the plant he propagated. Creating a startling new portrait of the eccentric apple tree planter, William Kerrigan carefully dissects the oral tradition of the Appleseed myth and draws upon material from archives and local historical societies across New England and the Midwest. The character of Johnny Appleseed stands apart from other frontier heroes like Davy Crockett and Daniel Boone, who employed violence against Native Americans and nature to remake the West. His apple trees, nonetheless, were a central part of the agro-ecological revolution at the heart of that transformation. Yet men like Chapman, who planted trees from seed rather than grafting, ultimately came under assault from agricultural reformers who promoted commercial fruit stock and were determined to extend national markets into the West. Over the course of his life John Chapman was transformed from a colporteur of a new ecological world to a curious relic of a pre-market one.

Weaving together the stories of the Old World apple in America and the life and myth of John Chapman, Johnny Appleseed and the American Orchard casts new light on both. -- James Gilbert, University of Maryland

Relates how John Chapman's distribution of apple seeds and trees across America made him a legend.

Planting trees is quite an art. He plants the apples with his heart. Johnny, Johnny Appleseed. Everyone knows the legend of Johnny Appleseed, the man from Massachusetts who planted apple trees all the way to California. But the true story of Johnny

Appleseed, or John Chapman, is even greater than the legend. In deft and lyrical prose, Jane Yolen tells the whole story of an individual who forever changed the landscape of America. Breathtaking paintings by award-winning artist Jim Burke illuminate the historical detail of this man's life while capturing all the magic and mystery of his legend.

“Finally, the cliché is peeled away and the essence of this utterly American character is so revealing. John Chapman comes alive here and it is a thrilling experience to escape the specific gravity of the decades of myth” (Ken Burns). This portrait of Johnny Appleseed restores the flesh-and-blood man beneath the many myths. It captures the boldness of an iconic American and the sadness of his last years, as the frontier marched past him, ever westward. And it shows how death liberated the legend and made of Johnny a barometer of the nation’s feelings about its own heroic past and the supposed Eden it once had been. Howard Means does for America’s inner frontier what Stephen Ambrose’s *Undaunted Courage* did for its western one.

A poem describing Johnny Appleseed's appearance and actions.

A biographical essay on John "Appleseed" Chapman, a man who traveled the frontier in the late eighteenth and early nineteenth centuries selling apple tree seedlings and apples to pioneers and

Just in time for baseball season! Babe Ruth came from a poor Baltimore family and, as a kid, he was a handful. It was at a reform school that Babe discovered his talent for baseball, and by the age of nineteen, he was on his way to becoming a sports legend. Babe was often out of shape and even more often out on the town, but he had a big heart and an even bigger swing! Kids will learn all about the Home Run King in this rags-to-riches sports biography. With black-and-white illustrations throughout, a true sports legend is brought to life.

The perfect biography to "bite into" at the start of a new school year! Children are sure to be fascinated by the eccentric and legendary Johnny Appleseed, a man who is best known for bringing apple trees to the midwest. Over John Chapman's lifetime, he saw the country grow and start to spread westward.

Traveling alone—in bare feet and sporting a pot on his head!—Johnny left his own special mark planting orchards that helped nourish new communities. His journeys and adventures are illustrated in a hundred black-and-white illustrations.

Shows how Johnny Appleseed grew from a young boy who loved the outdoors into the legendary man who spread apple trees all across the United States. The man popularly credited with planting apple trees throughout the Midwest, John "Appleseed" Chapman epitomizes the American folk hero and pioneer: a man of humble origins who headed west to seek his

Get Free Who Was Johnny Appleseed

destiny. The essays in this collection bring to life the real Johnny Appleseed (1774-1845). A courageous, God-fearing, peaceful, and spartan figure, Chapman was welcomed by settlers and Native Americans alike. He was an unusual businessman -- one who believed that his "wealth" was sown in the trees he planted rather than in banks. But most of all, Johnny Appleseed was a lover of nature whose respect for all living things was born of his faith. An itinerant "missionary," he provided settlers with "news fresh from heaven" -- pages from the works of eighteenth-century theologian Emanuel Swedenborg. Editor William Ellery Jones has updated historical essays that explore how Chapman's legend grew both during and after his life.

WINNER, Lambda Literary Award "You're gonna need a rock and a whole lotta medicine" is a mantra that Jonny Appleseed, a young Two-Spirit/Indigiqueer, repeats to himself in this vivid and utterly compelling novel. Off the reserve and trying to find ways to live and love in the big city, Jonny becomes a cybersex worker who fetishizes himself in order to make a living. Self-ordained as an NDN glitter princess, Jonny has one week before he must return to the "rez," and his former life, to attend the funeral of his stepfather. The next seven days are like a fevered dream: stories of love, trauma, sex, kinship, ambition, and the heartbreaking recollection of his beloved kokum (grandmother). Jonny's life is
