

## Wild Blood Cyborg Shifters Book 1

Football is my life, and coaching in the NFL is my dream. I have a doctorate in sports psychology, but the fact that I'm a woman means I couldn't possibly know a thing about football, let alone coaching a team. At least, that's what my critics say. Others argue a woman on the sidelines would be a distraction. Distraction. Pfft. I'm a professional, and I certainly don't fall for players. When I land my dream job coaching the Boston Rebels, I realize just how difficult it will be to maintain a hands-off approach to the team. Everything about them, from their broad shoulders and thick biceps to their chiseled abs and narrow waists, makes it so I'm the one who's having trouble staying focused. As if that weren't bad enough, I'm attracted to not one, but three, players. Three offensive players who keep breaking through my defenses. I'm their coach, but absolutely nothing in my playbook prepared me for this. My head seems to understand they're completely off-limits, but my heart is pulling a reverse play. \*\*The Reverse Play is the first book in a slow-burn reverse harem series.\*\*

It's always a bad idea to fall for a hot mysterious billionaire with a spooky castle. Especially when you find out he's a dragon. Night nurse Andi was desperate for money to bail out her idiot brother from jail. A one-time nursing gig seemed like the perfect deal: lots of cash, no questions asked. But when her employer, who turns out to be the notorious billionaire Damian Blackwood, saves her from a monster, there's no forgetting what she saw - not his insanely superhero physique, not the hungry way he looks at her, like she's some priceless treasure to be possessed, and definitely not the fact that he's got another hidden self; he's an honest-to-god dragon. Andi knows the dragon shifter's secret and he's definitely far from pleased. After a night of monsters and madness, he takes her home in his fancy sports car and asks her for a date. The expensive well-tailored suit can't disguise the carnal promise in his eyes and wildness in his savage smile. The gorgeous alpha dragon wants to claim her, ravish her harder and more fiercely than any human ever could. And a part of Andi wants him to. What if she says yes?

As a captive of aliens, Paisley is forced to work as an engineering assistant on an ancient wrecker starship. She knows she has to keep her head down and her behavior humble in order to survive. When the crew responds to an automated distress call from an Akrellian warship that shouldn't be malfunctioning, she senses a threat, but she knows no one will listen to her warnings. Paisley realizes that her days of avoiding danger are over when, among the rescued passengers, trouble with a capital "T" is escorted onto her ship in chains for bringing an apocalypse to Earth that resulted in millions of deaths. Something about the prisoner makes it impossible for her to look away from him, and it isn't just the fact that he's the most handsome alien she's ever seen. Yet, when he meets her eyes, there's a darkness in his intense gaze that makes her think his captors might be telling the truth about him, despite his claims of innocence. Caught

between two greedy groups seeking wealth and power, Paisley soon discovers that far more lies behind the mystery surrounding the Iriduan prisoner they call Halian. He might be stealing her heart, but she can't keep him in chains, because he could be the key to saving the galaxy-or destroying it. This isn't a light read, featuring a sweet-from-the-start hero. The main male character has villainous facets to him that do not immediately soften in this slower-burn romance. The journey to love will be very rough at times. If you're in the mood for a complex villain seeking redemption through love, a plucky, intelligent heroine willing to risk it all, and a story packed with action and romance that finally blows the doors off the galactic mystery that has lurked beneath the surface of the Iriduan Test Subjects series, then this book is for you.

Trinity's father Grizz was savagely executed by his own motorcycle club and she was witness to it all. Now on the run, she hides from the new President, Detroit, who craves her for his own. Diesel is the President of the Devil's Soldiers, a motorcycle club comprising ex-military men. When a timid, scared young girl shows up in his town, he can't overlook the attraction he feels for her. But the trouble that's closing in on her will place his entire club at risk. Will he pit his club against Detroit's, and put his brothers at risk? Or, will he walk away from the one girl that could end up meaning everything to him.

My name is Jaya, a dreamer, bola slinger, and one of ten guardians in my tribe. I was content to live out my days keeping watch on the village, hunting, and batting away insects that flew too close to the prissy women chosen to birth the next generation. My life was nothing like theirs. I spent way too much time burying my secret in the dirt, over and over, to make sure of it. Gods no. That wasn't my future...Until the sky lit up and an angry star sent all the Mist tribes into a desperate frenzy for the beasts of legend to bleed new life into our people. It wasn't supposed to turn out this way. I didn't mean to touch him, but what's done is done. Do I have what it takes to seduce a dragon? Don't know, but hold my bola-I'm about to find out.

Captured by cyborgs, Mira is branded with the mark of Flint. Then she discovers that Flint is a breeder and she doesn't want to share.

Domnik was a monster, a Monster Hunter, and an alpha. Part of an elite group that dealt with the horrors of the universe. At least that was what everyone at the spaceport was whispering as he walked by. A Cyborg, a hunter, a beast with eyes as dark as the pits of Hell and the stride of a predator. Katalina was a nobody who was intimate with death. It clung to her like a shroud, It followed her like the plague, and infected her like a parasite. When she overheard that the Monster Hunter needed an assistant, she took the job. And when the Cyborg's eyes caught hers, she knew getting closer to death might just bring her back to life. The Cyborg didn't scare her. So she followed him and left fate up to chance. Warning: mature readers only, explicit sex scenes Book one of Cyborg Shifters, same universe as Stranded in the Stars, every book is a standalone that only subtly builds off of the others.

Dean Koontz, the bestselling master of suspense, invites you into the shocking world of Moonlight Cove—where four unlikely survivors confront the darkest realms of human nature. The citizens of Moonlight Cove, California, are changing. Some are losing touch with their deepest emotions. Others are surrendering to their wildest urges. And the few who remain unchanged are absolutely terrified—if not brutally murdered in the dead of night...

Frankie is excited to spend the weekend camping with her boyfriend, Ted, right up until they arrive. What should have been two days of wild sex in the woods turns into a hunt for Sasquatch. When Ted fails to appease Frankie's need to be pleased, she decides to find someone more willing. Bif is a type of shifter that many know more famously as the urban legend of Big Foot. Waking to being stuck in Sasquatch-mode, he learns that he'll have to find someone willing to have sex with him until he is able to turn himself back into a human and stay that way. When a hunter and his girlfriend camp next door, an opportunity opens for a weekend of wild sex with a jilted lover.

Everybody feared the man with the metal band over his mouth. Stryker was part of an elite group of Cyborgs genetically enhanced with inhuman DNA. He was known as the Creeper, the quiet, the man with half a face. His fate was his own and his freedom hard-earned, having nothing to live for but the hunt and his perfect record. Until he received a distress call that changed his bleak existence. "Please, oh god, please. Is anybody out there? This is Norah Lee, a scientist of Earth. I-I don't know what to do. I think everybody...everyone is dead. Please if you hear this, please help us. I can hear them outside. They're coming...I don't want to die!" Warning: mature readers only, explicit sex scenes, horror elements Book two of Cyborg Shifters, same universe as Stranded in the Stars, every book is a standalone that only subtly builds off of the others.

BEWARE OF DOG Clara was confused when she encountered the sign outside the Cyborg breeding facility. She wanted a child and nothing would stand in her way. But she didn't heed the sign's warning--she had more important things on her mind--and once she understood, it was too late. Her heart was already on the line. Reid was the ultimate protector, the perfect bodyguard, his loyalty embedded in his DNA. The animal his creators chose for him was a favorite, a downright blessing, and an ongoing nightmare. He found the perfect reprieve after the Great Galactic War: Division Head of the last Cyborg breeding facility on Earth. The empty halls offered more than silence--they offered him sanctuary. Territory. When a woman walked through his door, begged to join the program, and wouldn't take no for an answer, her delicate features and desperation awakened a behavior that had long lain dormant--his need to claim. Sun Ra, Brian Eno, Lee Perry, Kate Bush, Kraftwerk, Aphex Twin, Ryuichi Sakamoto and Brian Wilson are interviewed in this extraordinary work of sonic history. It travels from the rainforests of Amazonas to virtual Las Vegas; from David Lynch's dream house high in the Hollywood Hills to the megalopolis of Tokyo. Ocean of Sound begins in 1889 at the Paris exposition when Debussy first heard Javanese music performed. An ethereal culture developed in response to the intangibility of 20th century communications. Author of Rap Attack 3 and Exotica, David Toop has in Ocean of Sound written an exhilarating, path-breaking account of ambient sound.

Daisy. Daisy. Daisy. From the moment her name is spoken, it is all I can hear. Her frightened tears bring me anger. I vow to wipe them off her face and banish her fear. To make her my queen. But I have to catch her first. I have to convince her to trust me. I have to show her she is safe. But only with ME. Because if any other naga male tries to take Daisy away from me, I will kill them. And if she runs? She'll find out there's no escape. I've paid the price to mate her, and she needs to know a gilded nest is better than freedom in my world. --- King Cobra is the second book in a series of Bride Hunting Aliens. With the charm of a snake, and the wiles of a

devil, these males will do anything, and I mean anything, for their females.

Wrongly imprisoned whistle-blower Rachel Pierce would rather take her chances with her court appeal than accept her place as the first Interstellar Bride destined for the Colony. She's stubborn and determined to seek justice—and her freedom—on Earth...but her mates are not willing to risk her life or her future on a system they believe to be both primitive and corrupt. Maxim of Prillon Prime fought ten long years in the Hive wars. Captured and tortured with his second, Ryston, they escaped only to be rejected by their own people and condemned to life on the Colony with the other "contaminated" cyborg warriors. As leader of Sector 3, it's Maxim's duty to set an example for his warriors and summon a bride. When she refuses transport, he can't allow her rejection to demoralize an entire planet of battle hardened but jaded warriors. Maxim and Ryston transport to Earth where they decide she's theirs and a maximum security human prison will not keep them apart. Getting Rachel to the Colony is only the first challenge they will face. Convincing their beautiful mate to surrender to not one, but two dominant warriors is another. Even if they can win her love, a new evil is rising on the Colony and someone close to Maxim will be its first victim. Maxim will be its second, unless Rachel's love and relentless pursuit of the truth proves strong enough to save him. If you love romance in the style of Nalini Singh, Christine Feehan, J.R. All Rena wanted was to steal back a spaceship and earn enough money to buy her freedom from her travesty of a life. Her mission to recover stolen property from pirates backfired and she became a possession when she encountered cyborgs instead. Now, one of them will own her. Rena is a survivor...and she wants the very tall, big, brutally sexy cyborg who doesn't like to share anything that belongs to him. Steel is beyond irritated when he is maneuvered into ownership of a fragile human female. She's not nearly big enough to handle his size or strength, yet she's determined to get him into bed—into her. Steel realizes just what this little female is capable of when he awakens, chained to his bed, with her riding his very turned-on body. For a man who prides himself on his unyielding control, Steel soon finds Rena stripping him of it an inch at a time.

They came to Earth. They destroyed my life, took those closest to me, and now they're set on making me their own. Ella Monroe has only one goal in life. To survive. Trapped in a world that's been taken over, Ella is reminded daily of everything that she has lost because of the Vepar. What was supposed to be a fun night out to celebrate her birthday turns into a nightmare encounter at a Vepar club when she catches the eye of three terrifyingly alluring men. Powerful and terrifyingly seductive, the three Vepar make clear they will stop at nothing to possess her. Unable to escape, Ella is plunged into their dangerous and secretive world, where everything is more than it seems. Ella doesn't know what the future holds as their prisoner, but one thing is for sure. Their obsession knows no bounds... The Fallen World Series Bound Broken Betrayed Belong

Claiming a dragon is as easy as a single touch, but claiming his heart is another

matter entirely. The tribes have been dying beneath the desert sun for as long as they can remember. With fewer and fewer males birthed, there is little hope of survival. Humanity is doomed. The yearly blooming is a season of fertility and new life-and the time when the males choose new brides. But Elliya has no desire to become another wife amongst many to a spoiled man. She longs for more. She longs for love. When the Red Star appears in the sky on the night she is to be chosen, Elliya knows it is her chance to make her own choice. She ventures out beneath the blood moon to prove the old legends true-to claim a dragon as her mate. But even if she can forge the legendary bond with her dragon, can she win the most important prize of all? Can she conquer the dragon's heart? ----- VENYS NEEDS MEN To Touch a Dragon by Naomi Lucas To Desire a Dragon by Amanda Milo To Tame a Dragon by Tiffany Roberts To Seduce a Dragon by Poppy Rhys

An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, *Bitten* will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.

When you live next door to the big bad wolf . . . After years in prison, North Callaghan is finally free. But the demons haunting him still make him feel like a caged beast. He loses himself in work and hard living, coming up for air only to bed any willing woman to cross his path. So when his new neighbor snares his interest, he decides to add another notch to his bedpost. The only problem? Faith Walters is a white picket fence kind of girl. Prepare to be devoured. Faith's new neighbor is the rudest man alive. He'd rather grunt at her than speak and he takes her "welcome-to-the-neighborhood" scones without a thank you. She knows she should run for the hills from the ex-con. If only he weren't so smoldering sexy...if only the sounds of him with other women didn't drift through their shared wall and fill her with longing...and if only he didn't look at her like they were a collision waiting to happen.

When Katherine "Kit" FitzGilbert turned her back on London society more than a decade ago, she determined never to set foot in a ballroom again. But when business takes her to London and she's forced to run for her life, she stumbles upon not only a glamorous ballroom but also Graham, Lord Wharton. What should have been a chance encounter becomes much more as Graham embarks on a search for his friend's missing sister and is convinced Kit knows more about the girl than she's telling. After meeting Graham, Kit finds herself wishing things could have been different for the first time in her life, but what she wants can't matter. Long ago, she dedicated herself to helping women escape the same scorn that drove her from London and raising the innocent children caught in the crossfire. And as much as she desperately wishes to tell Graham everything, revealing the truth isn't worth putting him and everyone she loves in danger.

No one messed with Gunner. No one. He was the Jackal, living chaos, the infamous Cyborg banned from civilized society. He was also the only Monster Hunter for the EPED who took the hard jobs, the under-the-table work. Jobs that often left a trail of blood and bones in their wake.

When a pirate commandeers his ship, Gunner takes it upon himself to exact a revenge that will ignite a wildfire of rage, death, and torment upon those who made the mistake of taking what was rightfully his. Elodie has spent most of her life pretending to be a boy to remain alongside her father in space. He's the only family she has left. When the ship they worked on is attacked, she's taken prisoner. Every day, she feared that her secret would be discovered--that she's a woman amongst men. When a strange man is dragged into the cell next to hers, she realizes she was living on borrowed time. He stared at her as if he knew her secret...---Warning: Ashes and Metal is a prison horror romance with explicit violence, strong language, and diabolically heated scenes. Mature readers only. Book five of Cyborg Shifters, same universe as Stranded in the Stars, every book is a standalone that only subtly builds off of the others. Book one, Wild Blood (Dommik and Katalina) Book two, Storm Surge (Stryker and Norah) Book three, Shark Bite (Netto and Rylie) Book four, Mutt (Reid and Clara) Book five, Ashes and Metal (Gunner and Elodie) Book six, coming soon!

Hunter Hart, ex-Head Enforcer of the Vergas pack, lives on borrowed time. After betraying his family, he needs to get out of the country, or die. But there's one thing he intends to do, dangerous as it is. Meet his niece, Lola. But when his wolf sees the woman who takes care of the child, walking away becomes much harder.

2014 Locus Awards Finalist, Nonfiction Category In this hip, accessible primer to the music, literature, and art of Afrofuturism, author Ytasha Womack introduces readers to the burgeoning community of artists creating Afrofuturist works, the innovators from the past, and the wide range of subjects they explore. From the sci-fi literature of Samuel Delany, Octavia Butler, and N. K. Jemisin to the musical cosmos of Sun Ra, George Clinton, and the Black Eyed Peas' will.i.am, to the visual and multimedia artists inspired by African Dogon myths and Egyptian deities, the book's topics range from the "alien" experience of blacks in America to the "wake up" cry that peppers sci-fi literature, sermons, and activism. With a twofold aim to entertain and enlighten, Afrofuturists strive to break down racial, ethnic, and social limitations to empower and free individuals to be themselves.

Perfection comes in many forms, including the least expected. The scent of her mate was in the air... When Adriana lifted her head and scented her mate for the first time, the world stopped spinning. She'd never met him, but she knew exactly who he was. Nolan Osborn. He was right outside. And then he wasn't. He could not risk her life... Nolan's heart skipped a beat as he stepped from the car. He had no idea who belonged to the scent that would change his life, but he couldn't risk meeting her tonight. His life was in danger. He would not risk hers as well. But he was not her only option... When Reid got the call that his best friend needed him, he didn't hesitate. Nolan's mate was in danger, and she needed a bodyguard. It was an easy job. And then it wasn't. This could not be happening. Grizzly shifters mated in pairs. Why would Fate put two men in Adriana's path, forcing her to choose? This book is a re-release of a previously published book. No additions or changes have been made to the story.

A special note for readers of the English translation. I'm fully aware that my book isn't British or American, and in some cases you may find that I describe situations and views which are different from those with which you're familiar. It's a fresh look. But if you bear with it, I don't expect that you will have any real problems. You will probably find that we're looking at the same thing, but from a different perspective and background. You might also like to ponder why the book received such a tremendous response in the Netherlands. I can see only one reason. This "fresh look" gives an answer to the question how to become a Christian without being a fundamentalist.'

It's not easy being a space pirate...Actually, wait. Yes it is. It's keffing awesome. The three va Sithai brothers - that's us - cruise the universe looking for abandoned ships, treasure, and other pirate ships to rob. Right now, we're on the hunt for the Buoyant Star, an abandoned cruiser rumored to have a massive treasure inside. The ship's been found at the edge of an ice

field at the far reaches of space. That treasure? About to be all ours. But the ship's not all that abandoned. The Star is crewed by a few lonely, attractive human females who are thoroughly grateful at being rescued... Actually, wait. They're not grateful at all. They've set us a trap, and their leader, a beautiful human female named Jade, gives me a smile just before she captures me. It's official. I'm in love.

In this classic collection, some of the world's most eminent critics of development review the key concepts of the development discourse. Each essay examines one concept from a historical and anthropological point of view, highlights its particular bias, and exposes its historical obsolescence and intellectual sterility. The authors argue that a bidding farewell to the whole Eurocentric development idea is urgently needed, in order to liberate people's minds in both North and South for bold responses to the environmental and ethical challenges now confronting humanity. The combined result forms a must-read invitation to experts, grassroots movements and students of development to recognize the tainted glasses they put on whenever they participate in the development discourse.

Polly had always been grateful that when she was in need, Marcus Frobisher had offered her a home, a job and himself as a stand-in father to her baby daughter. As the years passed, Marcus let Polly think he acted only out of a sense of family duty. However, the truth was, he'd wanted her since the first moment they'd met. Now, though, it was time to persuade her to surrender to the passion that had been denied for so long!

Having rocked the world via high magic that was believed lost, the dungeon Sistina has shown her power at last, as she has done everything in her power to protect those that she loves. Crowned queen of the new city of Beacon, Phynis Constella is searching for allies as full-scale war erupts between her homeland of Sifaren and the fell nation of Kelvanis. Each side must use everything in their power to defeat the other, but with the threat of the goddess Tyria looming, there can be only one victor. Long-waiting plans at last are rising to a head, and even Sistina is uncertain of whether or not she can survive them. But for her beloved Queen, she is willing to risk anything. This is the final chapter of the Ancient Dreams Trilogy.
