From the internationally bestselling creator of Wreck This Journal... wan-der verb \?wän-d?r\ to walk/explore/amble in an unplanned or aimless way with a complete openness to the unknown Several years ago when Keri Smith, bestselling author of Wreck This Journal, discovered cryptic handwritten notations in a worn copy of Walt Whitman's Leaves of Grass, her interest was piqued. Little did she know at the time that those simple markings would become the basis of a years-long, life-changing exploration into a mysterious group known only as The Wander Society, as well as the subject of this book. Within these pages, you'll find the results of Smith's research: A guide to the Wander Society, a secretive group that holds up the act of wandering, or unplanned exploring, as a way of life. You'll learn about the group's mysterious origins, meet fellow wanderers through time, discover how wandering feeds the creative mind, and learn how to best practice the art of wandering, should you choose to accept the mission.

This book is a clinical guide in the practice of pediatric critical care and can serve as a roadmap for an introductory journey through this broad and challenging subspecialty. Key topics intrinsic to the practice of pediatric critical care are addressed from an organ-system and disease-specific perspective, and tailored to the needs of new learners.

Comprehensive, practical and up-to-date information is provided in a user-friendly format that facilitates both learning and care implications. Each topic is analyzed and discussed in a custom-built section to provide both an overview and the

necessary detail to help the reader participate in and contribute to patient care. Definitions, etiologies, physical findings, laboratory and radiologic data, differential diagnoses, management, suggested consultations and prognosis are condensed using easy-to-find boxes, bulleted lists, decision trees, tables and illustrations.

From the author of 44 Chapters About 4 Men (inspiration for the Netflix Original series, Sex/Life) comes an immersive dystopian romance unlike anything you've ever read. "None of this matters, and we're all going to die." With only three days left until the predicted apocalypse, the small town of Franklin Springs, Georgia, has become a wasteland of abandoned cars, abandoned homes, abandoned businesses, and abandoned people. People like Rainbow Williams. Rain isn't afraid of dying. In fact, she's looking forward to it. If she can just outrun her pain until April 23, she'll never have to feel it at all. "Supplies. Shelter. Self-defense." Wes Parker has survived every horrible thing this life has thrown at him with nothing more than his resourcefulness and disarming good looks. Why should the end of the world be any different? All he needs are some basic supplies, shelter, and a sucker willing to help him out, which is exactly what he finds when he returns to his hometown of Franklin Springs. As society crumbles, dangers mount, and secrets refuse to stay buried, two lost souls are thrust together in a twist of fate—one who will do anything to survive and one who can't wait to die. Perhaps, together, they can learn how to live. Before their time runs out.

Revealing the fundamental continuities that exist between vernacular fiction and exorcist, martial rituals in the vernacular language, Mark Meulenbeld argues that a specific type of Daoist exorcism helped shape vernacular novels in the late Ming dynasty (1368–1644). Focusing on the once famous novel Fengshen yanyi ("Canonization of the Gods"), the author maps out the general ritual structure and divine protagonists that it borrows from much older systems of Daoist exorcism. By exploring how the novel reflects the specific concerns of communities associated with Fengshen yanyi and its ideology, Meulenbeld is able to reconstruct the cultural sphere in which Daoist exorcist rituals informed late imperial "novels." He first looks at temple networks and their religious festivals. Organized by local communities for territorial protection, these networks featured martial narratives about the powerful and heroic deeds of the gods. He then shows that it is by means of dramatic practices like ritual, theatre, and temple processions that divine acts were embodied and brought to life. Much attention is given to local militias who embodied "demon soldiers" as part of their defensive strategies. Various Ming emperors actively sought the support of these local religious networks and even continued to invite Daoist ritualists so as to efficiently marshal the forces of local gods with their local demon soldiers into the official, imperial reserves of military power. This unusual book establishes once and for all the importance of understanding the idealized realities of literary texts within a larger context of cultural practice and socio-political history. Of particular importance is the ongoing dialog with religious ideology that informs these different discourses. Meulenbeld's book

makes a convincing case for the need to debunk the retrospective reading of China through the modern, secular Western categories of "literature," "society," and "politics." He shows that this disregard of religious dynamics has distorted our understanding of China and that "religion" cannot be conveniently isolated from scholarly analysis.

Equal parts mail art, data visualization, and affectionate correspondence, *Dear Data* celebrates "the infinitesimal, incomplete, imperfect, yet exquisitely human details of life," in the words of Maria Popova (Brain Pickings), who introduces this charming and graphically powerful book. For one year, Giorgia Lupi, an Italian living in New York, and Stefanie Posavec, an American in London, mapped the particulars of their daily lives as a series of hand-drawn postcards they exchanged via mail weekly—small portraits as full of emotion as they are data, both mundane and magical. *Dear Data* reproduces in pinpoint detail the full year's set of cards, front and back, providing a remarkable portrait of two artists connected by their attention to the details of their lives—including complaints, distractions, phone addictions, physical contact, and desires. These details illuminate the lives of two remarkable young women and also inspire us to map our own lives, including specific suggestions on what data to draw and how. A captivating and unique book for designers, artists, correspondents, friends, and lovers everywhere.

From the internationally bestselling creator of *Wreck This Journal*, a scavenger hunt that leads you to explore your world and transform your findings through creativity and chance... Within the pages of *The Pocket Scavenger*, you'll be instructed to go on an unusual scavenger hunt, collecting a spectrum of random items: something that is miniature, a stain that is green, something from the year you were born, a used envelope, and more. Once your quarry is in hand, you'll apply an alteration dictated solely by chance: create a funny character, make it into a building, conceal it, add polka dots, remove a section, add stripes, scribble on top, fold, turn into an article of clothing, make it "pretty," and so on. The results: you'll be forced out of habitual ways of thinking or acting, discover new connections, and try things you

might not have done on your own, creating a version of The Pocket Scavenger that is utterly unique, dependent on time, place, experience, and you.

#1 NEW YORK TIMES BESTSELLER • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor's unflinching honesty, unconventional wisdom, and lessons learned the hard way about living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN "McConaughey's book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand."—Mark Manson, author of *The Subtle Art of Not Giving a F*ck* I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call "catching greenlights." So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

Max is used to being called Stupid. And he is used to everyone being scared of him. On account of his size and looking like his dad. Kevin is used to being called Dwarf. On account of his size and being some cripple kid. But greatness comes in all sizes, and together Max and Kevin become Freak The Mighty and walk high above the world. An inspiring, heartbreaking, multi-award winning international bestseller.

A deceptively simple adventure into the unknown using only paper, a pencil and a single line Wreck This Journal had a simple premise: destroy the book in all the ways you can imagine. The Line is even simpler: find pencil, start a line. As you move through the pages of Keri Smith's newest book, you'll be asked to let your line meander, explore the book's gutter, and jump around the edges of the pages. You'll hide your line, cut your line and even let someone else take over your line for a bit. The farther you get into the book, however, the more you'll discover that maybe things aren't as simple as they first seemed. The line has a mind of its own, and it's up to you to discover what's at the end of the line (hint: it's just the beginning).

From the internationally bestselling creator of *Wreck This Journal*, a guide to building your own perfect world. In *The Imaginary World of...*, Keri Smith asks readers to imagine something new: a unique world of their own making. Readers start by creating a list of everything to which they're drawn: things they love and collect, colors, shapes, ideas, people, and creatures that fascinate them. The items in the list will become the building blocks for their imaginary worlds, used to create texture and establish a foundation for the new place they'll begin to inhabit. Readers will then be prompted to think about landscape, place names, maps, currency, residents, logos, foods, histories, and more for their world. An indispensable guide for artists, dreamers, activists, and explorers of all ages, *The Imaginary World of...* will encourage readers to become revolutionaries of everyday life, chronicling the possibilities in the brave new worlds they envision.

Have you ever bought a new sketchbook, opened to the first page, and thought, "Now what do I do?" Sue Bleiweiss and the talented minds behind *The Sketchbook Challenge* are here to help. Imagine a supportive community of artists sharing the innermost pages of their sketchbooks and offering you tips and techniques for overcoming creative blocks. That's what *The Sketchbook Challenge* is all about, and the popular blog of the same name has already inspired thousands. Inside this book, you'll find:

- Themes that will motivate you to start your sketchbook—and, more important, keep at it
- Tutorials spotlighting such mixed-media techniques as thread sketching, painted papers for collage, digital printing, and much more
- Strategies to get off the sketchbook page and start creating inspired art—whether you're into painting, collage, fiber art, or beyond.
- In-depth profiles of artists who have taken the *Sketchbook Challenge* and used it as a launching pad for their own meaningful artwork

At any given, moment, no matter where you are, there are hundreds of things around you that are interesting and worth documenting. Warning To whoever has just picked up this book. If you find that you are unable to use your imagination, you should put this book back immediately. It is not for you. In this book you will be repeatedly asked to . . . suspend your disbelief, complete tasks that make you feel a bit strange, look at the world in ways that make you think differently, conduct experiments on a regular basis, and see inanimate objects as alive. This book is the ideal primer for anyone wishing to participate in an "Irish session." This musical gathering is apparently quite different than a blues, jazz or bluegrass jam session in that it is customary at Irish sessions to play in tight unison with the other musicians, adapting appropriate tempos, rhythms, and ornaments in an attempt to fit in with the "groove." The "Irish Session Tune Book" features 300 reels, hornpipes, polkas, slides, and slip-jigs written without chord symbols for the melody instruments commonly played in Irish Sessions. The author shares a wealth of melodies collected over the past 10 years, the majority learned by ear at Irish sessions: fiddle, accordion, tinwhistle, tenor banjo, mandolin, bouzouki, etc. Authentic ornamentation is suggested for each tune with the admonition that ornamentation may vary from region to region and chorus to chorus.

With this bundle, collect all four editions of Keri Smith's *Wreck This Journal*, including the classic black, as well as three special limited edition covers: duct-tape, red mesh, and paper bag. In these updated editions, *Wreck This Journal* asks readers to muster up their best mistake and mess-making abilities and to fill the pages of the book (or destroy them). Through a series of creatively and quirkily illustrated prompts, acclaimed artist Keri Smith encourages journalers to engage in "destructive" acts--poking holes through pages, adding photos and defacing them, painting pages with coffee, coloring outside the lines, and more--in order to experience the true creative process. With Smith's unique sensibility, readers are introduced to a new way of art and journal

making, discovering novel ways to escape the fear of the blank page and fully engage in the creative process. .

From a mesmerizing storyteller, the gripping search for a missing World War II crew, their bomber plane, and their legacy. In the fall of 1944, a massive American bomber carrying eleven men vanished over the Pacific islands of Palau, leaving a trail of mysteries. According to mission reports from the Army Air Forces, the plane crashed in shallow water—but when investigators went to find it, the wreckage wasn't there. Witnesses saw the crew parachute to safety, yet the airmen were never seen again. Some of their relatives whispered that they had returned to the United States in secret and lived in hiding. But they never explained why. For sixty years, the U.S. government, the children of the missing airmen, and a maverick team of scientists and scuba divers searched the islands for clues. With every clue they found, the mystery only deepened. Now, in a spellbinding narrative, Wil S. Hylton weaves together the true story of the missing men, their final mission, the families they left behind, and the real reason their disappearance remained shrouded in secrecy for so long. This is a story of love, loss, sacrifice, and faith—of the undying hope among the families of the missing, and the relentless determination of scientists, explorers, archaeologists, and deep-sea divers to solve one of the enduring mysteries of World War II.

A Kirkus Reviews Best Book of the Year “Smart, funny, and fearless.” —THE BOSTON GLOBE Women have always been seen as monsters. Men from Aristotle to Freud have insisted that women are freakish creatures, capable of immense destruction. Maybe they are. And maybe that’s a good thing.... Sady Doyle, hailed as “smart, funny and fearless” by the Boston Globe, takes readers on a tour of the female dark side, from the biblical Lilith to Dracula’s Lucy Westenra, from the T-Rex in Jurassic Park to the teen witches of The Craft. She illuminates the women who have shaped our nightmares: Serial killer Ed Gein’s “domineering” mother Augusta; exorcism casualty Anneliese Michel, starving herself to death to quell her demons; author Mary Shelley, dreaming her dead child back to life. These monsters embody patriarchal fear of women, and illustrate the violence with which men enforce traditionally feminine roles. They also speak to the primal threat of a woman who takes back her power. In a dark and dangerous world, Dead Blondes and Bad Mothers asks women to look to monsters for the ferocity we all need to survive. “Some people take a scalpel to the heart of media culture; Sady Doyle brings a bone saw, a melon baller, and a machete.”—Andi Zeisler, author of We Were Feminists Once

From the internationally bestselling creator of Wreck This Journal, a book that celebrates mistake- and mess-making like never before... Your whole life, you’ve been taught to avoid making a mess: try to keep everything under control, color inside the lines, make it perfect, and at all costs, avoid contact with things that stain. This book asks you to do the opposite of what you have been taught. Think of it as your own personal rumpus room. A place to let loose, to trash, to spew, to do the things you are not allowed to do in the “real world.” There are only three rules you will find in this book: 1. Do not try to make something beautiful. 2. Do not think too much. (There is no “wrong.”) 3. Continue under all circumstances. It's time to make a mess.

An Indie Next List Selection Keri Smith, creator of the mega-bestselling Wreck This Journal, now brings her imagination and inspiration to children with this picture book that explores the very active experience of reading. What if there were a book that changed every time you read it? Actually, every book does this. We are all part of the books we read, because our individual reactions, ideas, and emotions make the book whole, and these things are changing all the time. Keri Smith has helped millions of people free their creativity and find their own voice with her interactive books, and now she brings that sensibility to children and to the act of reading. This picture book is an invitation to honor your own vision and to welcome imperfection. Kids will discover that reading can engage all five senses, and that what they themselves bring to a book is an important contribution. (And of course

they'll be invited to do a bit of harmless wrecking!)

In this haunting and explosive debut, Meredith Miller explores the truth behind three girls on the cusp of adulthood, and all the shocking realizations that come under the guise of growing up. Perfect for fans of *I'll Give You the Sun* and *Girl in Pieces*. Ruth, Magda, and Isabel are different from everyone else. They can see beneath the seemingly perfect, cookie-cutter exterior of their small town of Highbone, Long Island. They know that below the surface, each house is filled with secrets, indifference, and violence. These girls refuse to become willing participants of these fake lives. Instead, they are determined to fight every condescending comment, every unwelcome touch, and every lie they've been told. When the opportunity to commit the perfect crime appears, the girls finally start to see their way out of Highbone. But for the first time, Ruth, Magda, and Isabel are keeping secrets from each other. As they drift apart, the weight of reality starts to set in. These girls can't save each other. They might not even be able to save themselves. "Darkly atmospheric and brutally honest, *Little Wrecks* depicts girls becoming women in a society that devalues both."—Mindy McGinnis, author of *Female of the Species*

From author of Wreck this Journal, Keri Smith's Finish this Book is a creative adventure where the reader is the main character - and the author. Dear Reader, One dark and stormy night, I found some strange scattered pages abandoned in a park... I collected and assembled them, trying to solve the mystery of this unexpected discovery, and I am now passing the task on to you. Your mission is to become the new author of this work. You will continue the research and provide the content. In order to complete the task, you will have to undergo some secret intelligence training, which I have included in this volume. Since no one knows what lies ahead, please proceed with caution, but know... This book does not exist without you. Yours truly, Keri Smith Bestselling author Keri Smith is a freelance illustrator by trade, and has illustrated for the Washington Post, The New York Times, Ford Motor Company, People, The Body Shop and Hallmark. She is the author of Wreck This Journal, How To Be An Explorer of the World and Mess. She lives in Canada.
