He made a stand against the end of the world... The Blight arose from nowhere. It swept across the bickering nations like the End of Times and spared only those with a single fortuitous blood type. Hot-headed religion and territorial savagery rule the cities now. Somewhere amidst the chaos a damaged man receives a signal, and with it the tiniest flicker of hope. The chance to rediscover the humanity he lost, long ago, in the blood and filth and horror of The Cull.

PULP IS DEAD... Or so we're told. Those dusty, cheaply printed paperbacks you knew and loved of old have lost their relevance. People don't want fast-paced adventure! They want dreary ten-volume collections of thousand-page tomes recounting the lives of the introspective and self-doubting. And yet a quick glance at the shelves today shows the spirit of action and heroism is alive and well in the modern imagination. Abaddon presents three of their best stories of derring-do, relentless violence and sheer pluck. In Simon Spurrier's *The Culled*, a special ops soldier murders his way across a post-apocalyptic continent to find the one he loves. In Al Ewing's *El Sombra*, a maddened poet, left for dead in the desert, returns as a laughing angel of vengeance to destroy the Ultimate Reich. And in Pat Kelleher's *Black Hand Gang*, a "pal's battalion" of WWI Tommies is plucked from the Somme and dropped in a world of ghastly aliens and sudden death.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

THE CULL ROSE FROM NOWHERE... It swept across the world like the end of times, a killer virus that spared only those with one rare blood type. Now, in the ruined cities, cannibalism and casual murder are the rule, and religious fervour vies with cynical self-interest. The few who hope to make a difference, to rise above the monsters, must sometimes become monsters themselves. THE CULLED: Even before the plague, he was a weapon, cold and brutal; and the Cull took away his one shot at regaining his humanity. Now, deep in the squalor

of London, he receives a signal, and a flicker of hope. But the source of the signal is half a world away, and he must fight gangs, collectors, and the powerful Church of the New Dawn to get there. KILL OR CURE: Spending five years locked in a secret bunker, with only the dead for company, is enough to drive anyone mad. But Jasmine's crazier than most; she survived the Cull, but the Cure's worse, leaving her with a Voice that whispers at her to do terrible things. Rescued by the rulers of the New Caribbean, she is sent to investigate a second plague. DEATH GOT NO MERCY: Cade didn't exactly care about people, but if someone he almost cared about was in trouble, he'd help if he could. If that meant taking on religious maniacs, suited cannibals and hippies who dealt out free love and fast death... well, I'm kind of runnin' my mouth here. This ain't a peaceful story, and Cade... Cade wasn't a peaceful man.
