A journey into one of the most fascinating minds alive today—guided by the owner himself. Bestselling author Daniel Tammet (Thinking in Numbers) is virtually unique among people who have severe autistic disorders in that he is capable of living a fully independent life and able to explain what is happening inside his head. He sees numbers as shapes, colors, and textures, and he can perform extraordinary

calculations in his head. He can learn to speak new languages fluently, from scratch, in a week. In 2004, he memorized and recited more than 22,000 digits of pi, setting a record. He has savant syndrome, an extremely rare condition that gives him the most unimaginable mental powers, much like those portrayed by Dustin Hoffman in the film Rain Man. Fascinating and inspiring, *Born on a Blue Day* explores what it's like to be special and gives us an insight into what makes us all human—our minds.

Level: KS2 Subject: English When it comes to getting the best results, practice really does make perfect! Matched to the National Curriculum, this Collins English Year 4 workbook is designed to target every English Year 4 topic in depth. KS2 English Question Book

The government is now training around 6000 deputy heads per year towards a new qualification: the National Professional Qualification for Headship (NPQH). This book covers the one compulsory module for this qualification which is called Strategic Direction and Development of the School. This book will be essential for all those embarking on the NPQH and those teaching or supervising it.

This book can help your child by providing a whole year of ready to go activities and support on key English topics which will be being taught in school from 2014. Did you know that your child in Year 6 will now need to; spell words with silent letters (such as 'island'); use the subjunctive (using 'were' and 'be' to say things that may or may not be true or about wishes, for example: 'If I were Prime Minister I would make weekends longer' but you're not the Prime Minister so you can't); use expanded noun phrases to convey complicated information concisely. * Workbooks for home learning * Linked directly to what your children will be learning in school * A linked website provides additional activities, answers and support for parents * Developed by teachers to ensure the best possible support for the new 2014 National Curriculum. Prepare children for KS2 National Curriculum Tests with confidence using SATs-style questions. Written in line with new testing requirements, the practice questions give children realistic test preparation. SATs-style questions arranged by topic area give children targeted and focused practice ahead of the KS2 National Curriculum Tests. * Prepares children for the SATs Maths Arithmetic test (paper 1) * Covers all the content and skills that children could be tested on * Contains regular progress tests to check understanding * Includes answers and mark scheme * Can be used alongside Collins KS2 SATs Revision and Practice

Master times tables in just 10 minutes a day with the activities in this essential home-study workbook from Carol Vorderman. 10 Minutes a Day Times Tables is a homeschool learning resource that teaches kids time tables in bite-sized chunks. Children prefer to learn in short bursts, making this workbook from Carol Vorderman the perfect homeschool introduction to Maths. Games and tests make learning fun, leading to maximum results in just 10 minutes a day. This workbook includes lots of multiplication practice and many word problems that relate to real-life experiences. The parents' notes section gives the answers, explains common pitfalls, and gives guidance on how to avoid them. 10 Minutes a Day workbooks are the perfect at-home reinforcement for subjects learned in school and support the National Curriculum.
